All prices inclusive VAT

British craftsmen are renowned all over the World for their skill, painstaking attention to detail and the quality of the product they produce.

Every cue in the range is special and unique – natural variations in wood grains and colours mean that no two cues are exactly alike.

Made to order especially to your specification.

HERITAGE

Signature Series

Riley & BCE pioneered the 5/8 cut for snooker cues and it has proven a very popular configuration over the years.

These cues come complete with a 6" and 12" smart extender meaning that players can use their own cue for 99.9% of the shots they will encounter, even on a full size table.

RILEY HYBRID

Hybrid is the new breed of technology with traditional ash shafts to provide balance and power as required by cue sports enthusiasts everywhere.

That's where tradition ends – the butt section contains the unique ASI Grip – Anti Shock/ Impact.

This allows for a smoother, more controlled feel every time you strike the ball.

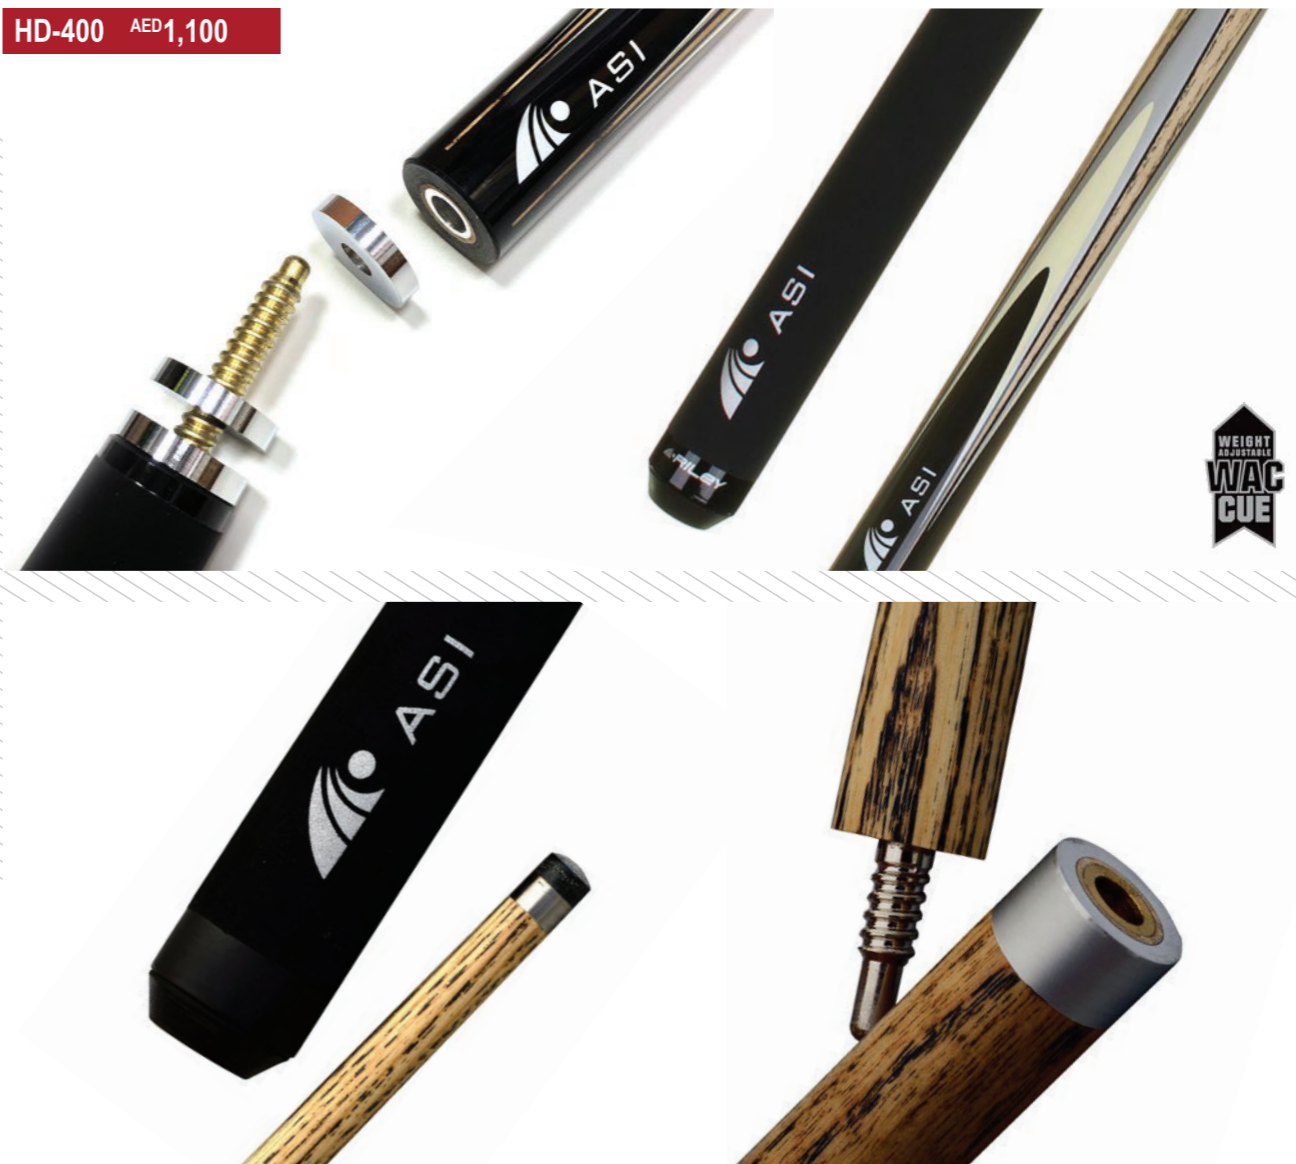

The new ASI System, vibrations is significantly reduced, allowing the player greater control of the cue action. If you want the ultimate shock absorber, try the ASI grip.

Ronnie O'Sullivan wants to encourage players to participate in the sport at which he is so naturally gifted. He has been very involved in the design of the two piece range – demanding only the best ash to ensure the best possible performance. A combination of real wood splices and exciting decal designs make these cues ideal entry points in to the ROS range.
