## WHAT IS TEQ?

Teq table is a new sports equipment, which is perfectly suitable for professional athletes as well as amateur enthusiasts whose ambition is to develop their technical skills, concentration, and stamina but it is also a perfect leisure activity. Playable sports on the Teq table are teqball, teqvoly, qatch, teqis, teqpong and parasports (para teqball, para teqvoly, para teqis, para teqpong). Teq tables have four types: Teq X, Teq LITE, Teq ONE, and Teq SMART. Our tables are made to meet our strict standards of quality and durability. TEQ X, Teq LITE, Teq ONE and Teq SMART tables are ideal sports equipments for public places, hotels, parks, schools, families, clubs, leisure centers, fitness centers, beaches, etc. The tables are disabled-friendly, the variable rules help everyone to find the best suitable sports to play on them!

## TEQBALL

Teqball is the purest form of football, played on a specially curved table with no physical contact between the players. It's a truly gender inclusive game, attracting a new generation of athletes or amateur enthusiasts whose ambition is to develop their technical skills, concentration and stamina. This football-based sport has already conquered the world as it is played in more than 130 countries of the world including football superstars like, Lionel Messi, Ronaldinho, Neymar and clubs like Manchester United, FC Barcelona and Paris SG. If one likes football, they will love teqball!

## TEQVOLY

Teqvoly is a perfect leisure activity for every sport enthusiasts, and also, it can be an excellent complementary exercise for professional volleyball players. The rules have been designed to make the rallies more exciting and enjoyable both for the players and the spectators as well. It improves ball concentration, reaction time and precision. Our main goal with this innovative sport is to create global awareness, promote the sport for professional and amateur players alike and implement teqvoly into the everyday practice of volleyball players.

## TEQPONG

Teqpong is an other form of an innovative racket sport. The curved teq table makes the game even more enjoyable creating various types of bounces whereby angles need to be recalculated and your reactions will be tested. Teqpong is an excellent way to spend time for both professional athletes and those who are looking for a recreational hobby, regardless of age, gender, or level of skills.

## QATCH

Qatch is originated from handball and is perfectly suitable for professional athletes as well as amateur enthusiasts whose ambition is to develop both their attacking and defending skills. In this physically challenging game, two teams of three player throw the ball back and forth to each other in an intense manner. What makes this new and innovative sporting activity stand out, is that two players from the same team (the attackers) are at the same end of the table, while the third player (the defender) is at the opposite end among their opponents. Teamwork, feelings and experiences, freedom of creativity and quick decisions.

## TEQIS

Teqis is an innovative racket sport. Besides its enjoyable and fun elements, it develops and demands competencies from the players such as focus, quick reaction, and technical precision, since the ball bounces differently because of the curved shape of the Teq table. Teqis can be played indoors and outdoors as well on many different surfaces, like clay, hard court, grass, carpet, or sand, which make teqis even more enjoyable and give the players more challenges.
