

# *the* EIKON CIRCUS

*designed by Julia Jessen & Niklas Jessen | 2016*

*Eikon Circus „Turmeric“ with walnut wood*

*Eikon Circus* is the latest addition to the Eikon family and of all versions it has the strongest association to the classic industrial light. *Eikon Circus* is an ideal go-between the different shapes of the Eikon Basic and Eikon Shell, with its medium size it is a perfect complementation of the Eikon collection. The shape of the shade evokes memories of a traditional circus tent. The magnetic connecting system allows the lampshade to be easily changed for another color or shape of the Eikon collection.
