

HAVAI Emerald Window Cooler - The Complete Cooler for Living Space

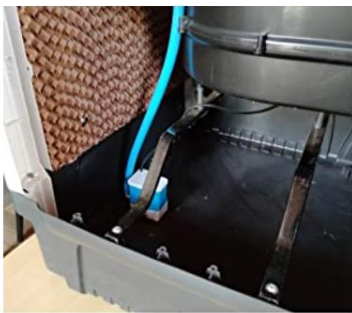

Separate Submersible Pump and Main Motor
 While most Window Coolers have a Motor working as a Pump, the Emerald has a separate pump for better circulation of Water on the Honeycomb Pads

The Blower used in Emerald Window Cooler is large and ensures cool breeze in its surrounding. Yes you will hear the noise but remember that is the noise of the Wind being thrown at you and giving you immediate respite.

Package INCLUDES Protection Cover and Cooler Water Pipe !!
 Yes, you heard that right. The Emerald Window Cooler comes with HAVAI Protection cover and we are additionally also providing Cooler Water Pipe. With this Cooler Cover we want to ensure that your cooler has a longer life and with the Water Pipe we want to ensure that you have a hassle free water filling experience

- Why the Emerald Window Cooler ?**
 We ensured that the Emerald Window Cooler is packed with enough compelling features
- Powerful Large Blower for Air Throw upto 15 feet
 - The Electric Motor has Thermal Over Load Protector to ensure safety while the cooler is in use
 - There are three dense honeycombs to give better cooling
 - 2-Way Auto Control Swing and 2-Way Manual Swing Feature
 - Separate Pump to ensure better water circulation on the Honeycomb Cooling Media
 - The Desert Tower is equipped with 3 Pin ISI Power Cord ensuring the plugs fix well into the fuse

Perfect for Domestic Living Space
 The Window Cooler is good for living spaces indoors. Always ensure that there is ventilation in the area for best result

SEPARATE PUMP TO ENSURE BETTER WATER MOVEMENT - ENSURES BETTER COOLING

SEPARATE PUMP
 In the Emerald Window Cooler there is a separate pump provided to ensure better flow of water on the honeycombs thereby ensuring better cooling

TOP ENABLED MOTORS FOR SAFETY
 All our Air Coolers have motors that have Thermal Overload Protectors (TOP), this ensures safety as the motors switches off if there is any over-heating.

3 PIN POWERCORD USED
 All our Air Coolers come with 3 Pin Powercords to ensure safety first and also it helps that a 3 Pin fits well into the socket and does not come out or become loose over a period of time.

DENSE THREE SIDE HONEYCOMB FOR GOOD COOLING
