**HARDWARE REQUIRED:**

4 screws 10-24

4 washers

2- #14 tech screw

[wood top]

Closeup of underside of desk.

10-24 Screws

#14 Tech Screw

Mounting pull-out printer stand

Pull out printer stand can be mounted on the left or right side of the workstation. it must be mounted to the leg unit using a #14 tech screw near the location shown in the illustration above. If printer stand is tall enough to extend below the leg strut then install another #14 tech screw in this area also.
