

Tiny Dreidel Sweater

by Jo Wadler

This Tiny Dreidel Sweater is extremely easy to knit. It is knit in one piece flat. Stitches are picked up and knitted to create the sleeves. The neck opening is formed from binding off stitches and then casting them back on. It's finished by sewing up the seams on both sides of the sweater. It doesn't take a lot of yardage to knit a Tiny Dreidel Sweater. It's a great little stash buster for any worsted or dk weight yarn you have left over from another project, or you can purchase the recommended yarn.

Techniques used in this project are stockinette stitch, knitting and purling, binding off, casting on, and picking up stitches.

They're so much fun to knit! And the Tiny Dreidel Sweaters can be used for wine bottle toppers, string them as garland, gift card holders, ornaments, or a doll sweater.
