

# What is the #TransRightsReadathon?

Started by author Sim Kern in 2023, the 2024 readathon will run from March 22nd-29th and encourages participants to 1) read & promote trans books and 2) fundraise for orgs, groups, mutual aid etc that supports trans people!

## How can I participate with Dreamers & Make-Believers Books?

As Sim said, "As long as you're encouraging people to read trans books and donate to trans support orgs, you're participating!" Folks are encouraged to share content about trans books on social media with the hashtag #TransRightsReadathon to boost visibility!

Please note, you do not need participate with Dreamers & Make-Believers in order to participate in the larger readathon, and you do not need to purchase any books from Dreamers & Make-Believers in order to participate with the shop!

Dreamers & Make-Believers has set a goal to fundraise \$100 for Trans Maryland over the course of the readathon. We hope to accomplish this by: 1) donating a portion of the proceeds of sold books by trans creators &/or featuring trans characters 2) donating \$1 for every book read & logged by customers on these log sheets 3) collecting donations directly in the shop & on our website

While the books logged may be purchased from Dreamers, they may also be purchased from another indie bookstore, checked out from the library, read online through an app like Hoopla, listened to in audio book from Libro.FM, etc!

Comic books count! Picture books count! Read a variety of trans stories and fill as many log sheets as you can!
