

725 GUN CLEANER/DEGREASER

**FOR GENERAL CLEANING AND
FOR USE IN PARTS WASHERS
AND IN ULTRASONIC CLEANERS**

DESCRIPTION

725 GUN CLEANER/DEGREASER is an aqueous base liquid cleaner. This product was specially formulated without the use of hazardous petroleum solvents. 725 GUN CLEANER/DEGREASER has extremely high penetrating and emulsifying properties that will dissolve carbon and burnt propellant residue on contact. This product contains quality surfactants, wetting agents, emulsifiers, cleaners and rust inhibitors. 725 Gun Cleaner will rinse freely and is compatible with most oil water separators.

This cleaner was designed to quickly and easily strip old grease, oil and carbon from barrels, breaches, trigger assemblies and porting. 725 can be used on all weapons and equipment systems including: handguns, shotguns, rifles, pistols, ARs, 240/249 SAWs, rocket launchers and mortars. The Navy has spec'd this product for use on the M72 LAW.

USER FRIENDLY - ENVIRONMENTALLY SAFE (GREEN)

Slip 2000 725 GUN CLEANER/DEGREASER is a Non-Toxic, Non-Hazardous, Non-Flammable, Non-Explosive, Biodegradable, GREEN product. As a GREEN product there are no Hazmat fees for shipping or storage. It has a mild user friendly sent that makes working in a confined cleaning area or around others safer and less offensive than other cleaners.

SAFE TO USE

Slip 2000 725 is safe to use on all steel, rubber, plastics, sealed wood and other materials.

CLEANING

725 CLEANER/DEGREASER provides additional protection through additives that in addition to their ability to penetrate metal surfaces, aid in the effective removal of built up dirt, lead, copper, carbon, corrosion particles and firing residues that can become abrasive to all systems including recoil and gas operated mechanisms.

**BIODEGRADABLE • USER FRIENDLY
NON-REGULATED
NON-TOXIC • NON-HAZARDOUS**

SHIPPING

May be shipped as a non-regulated cleaning compound.

STORAGE

Keep container closed. May be stored safely at high and low temperatures normally encountered. Protect containers from freezing.

OTHER APPLICATIONS

- PARTS WASHERS
- STEAM CLEANERS
- CABINET WASHERS
- ULTRASONIC CLEANERS
- SOLVENT TANKS
- FOAMING EQUIPMENT

We recommend applying a Slip 2000 Lubricant to all metal parts right after cleaning. Slip 2000 Lubricant will displace any residual moisture left behind from cleaning. Slip 2000 Lubricant will also prevent future carbon from sticking. When used together as a system your next cleaning will take half the time.

SLIP2000™

725 CLEANER/DEGREASER

DESCRIPTION OF CLEANER

725 CLEANER/DEGREASER should truly be called "Super Degreaser" judging from the way it out-performs competitive products. This cleaner will cut through the toughest cosmoline, carbon, grease and grime! Its super strength allows it to degum and degunk the dirtiest of gun parts when sprayed on or used in parts washers or solvent tanks!

Inhibited to help protect sensitive metals, 725 CLEANER/DEGREASER has been thoroughly tested in the field and in shops. Everywhere, it has come through with flying colors! Hand-on Gunsmiths and Armors praise how quickly it dissolves in warm water, how well it works in both hard and soft water, how freely it rinses to leave parts bare-metal bright, how long it lasts for savings in product upkeep and disposal cost reduction.

The Best Cleaning Solution...For The Best Cleaning Solution!

APPLICATIONS

725 CLEANER/DEGREASER...In just a few minutes, this material will strip tenacious carbon and simultaneously crack open and crumble heavily encrusted deposits of carbon, grease, grime, gum and gunk on aluminum, magnesium, stainless steel and other metal gun parts. Included are trigger assemblies, bolts, actions, slide rails, gas pistons and all other components. Works exceptionally well on M1 - M16 - AR15 - 9mm - 40 caliber weapons, black powder breach plugs and all other fully automatic weapons.

FEATURES & BENEFITS

725 CLEANER/DEGREASER is water based, avoiding environmental and health safety issues. Non-caustic solution helps eliminate caustic burns and fumes. Non-petroleum... eliminates fire and disposal problems.

PRODUCT CHARACTERISTICS

725 CLEANER/DEGREASER is a biodegradable, non-flammable,

non-solvent solution, water based product. This product contains quality surfactants, wetting agents, emulsifiers, cleaners and rust inhibitors. To help prevent rusting, users must apply Slip 2000 Lubricant immediately after cleaning, to disperse any moisture in parts. Rinses freely and is compatible with most oil water separators.

AS A CLEANER

In parts washers, vibratory or ultrasonic devices—spray bottles

- Dilution rate - Ready to use
- Temperature - Ambient room temperature to 180°F (up to 71°C)
- Dwell time - 10 to 60 seconds, or longer if necessary
- Rinse - Rinse evenly and re-apply Slip 2000 Lubricant

For Best Results:

For heavier soils and deposit buildup, higher concentrations may need to be used. Using product at higher temperatures (160° - 200°) may speed soil release and allow less soak time.

Disposal Methods:

Skim oil from wastewater and immersion tanks. Dispose of oil and cleaner in accordance with state, federal and local ordinance. The pH characteristics of the cleaner may allow it to be put down a sanitary sewer.

Shipping

May be shipped as a non-regulated cleaning compound.

Storage

Keep container closed. May be stored safely at high and low temperatures normally encountered. Protect containers from freezing.

725 CLEANER/DEGREASER

AQUEOUS BASED CLEANER DEGREASER FOR SMALL ARMS WEAPONS MAINTENANCE SYSTEMS

CLEANING:

725 Cleaner works in almost all industrial type cleaning equipment including Ultrasonic cleaners, solvent tanks and automatic wash systems. 725 Cleaner provides additional protection through additives that in addition to their ability to penetrate metal surfaces, aid in the effective removal of built up dirt, lead, carbon, corrosion particles and firing residues that can buildup and become abrasive to all systems including recoil and gas operated mechanisms.

Stainless Steel barrel mount Aqueous based parts washer

725 CLEANER:

In just a few minutes, this material will strip tenacious carbon stains and simultaneously, crack open and crumble heavily encrusted deposits of carbon, grease, grime, gum and gunk on aluminum, magnesium, stainless steel and other metal gun parts. Included are trigger assemblies, bolts, actions, slide rails, gas pistons and all other components.

WORKS EXCEPTIONALLY WELL ON ALL WEAPONS INCLUDING BUT NOT LIMITED TO:

- Handguns
- M60 / MK-19 / M72 LAW
- M249 SAW / M240D / 150 HOWITZER
- M16 / AR15 / AK47
- 50 CALIBER WEAPONS
- MORTAR / M203PI 40mm GRENADE LAUNCHER

FEATURES AND BENEFITS

- Water based - avoids environmental and health safety issues
- Non-Caustic - helps eliminate caustic burns and fumes
- Non-petroleum - helps eliminate fire hazards and disposal problems
- Meets California Air Quality Control Board Requirements for Low VOC's
- 725 Cleaner is not regulated by Federal Occupational Safety and Health Administration (OSHA)
- 725 Cleaner is not regulated by the Department of Transportation (DOT).
