

# Honduras Coffee

## Guinope LIFT Cluster

## Guinope Red Honey ML LIFT

This coffee comes from our Guinope LIFT cluster, in the southeastern region of Honduras near the Nicaragua border. This cluster is currently in their third year with the program, and we have seen great results.

Through LIFT, our farms have realized a 50% increase in production and a similar increase in coffee, increasing the overall sustainability of the farms. All the farms participating in LIFT are Rainforest Alliance certified.

**NOTES:** Dynamic, red fruit, berry, melon, lemonade, honey and brown sugar, lingering grapey finish
