Finca La Cuesta Del Yargual

## Finca La Cuesta Bernardina Sanchez Natural ML LIFT

Finca La Cuesta Del Yargual is owned by Bernardina Sanchez. She is one of the 80 farmers participating in our Lempira cluster of LIFT. This cluster's 2019/2020 harvest marks the completion of their first year in the five-year program, and progress is already evident. Though the farm is very small at just three hectares, Dona Bernardina produces about 87 69kg bags of Lempira, IHCAFE 90, and yellow Catuai varieties.

Guatincara is a village near the municipality of Erandique in Lempira, near the border with El Salvador. The farm is between 1,550 – 1,600 meters above sea level. With an average rainfall of 1,100 mm, and an average temperature of 71F, the climate is ideal for the high-quality coffee we expect from this region.
