Fazenda Bela Vista Isabela Reis Woman Producer LIFT

The Lima Reis family has been tending to their century-old farm, cultivating specialty coffees since 1923. Their dedication and passion for coffee is deeply rooted in their family legacy. Produced at 1050 masl of altitude in Nepomuceno city in the South of Minas Gerais, it features varieties such as Yellow Bourbon, Red Bourbon, Catucaí, Arara, Mundo Novo, Red and Yellow Catuaí.

This Yellow Bourbon microlot underwent an anaerobic fermentation of mostly mature cherries. Afterward, the cherries were left to dry on the patio for three days before they were finished in a rotary dryer.

The coffee has been kept on farm, continually seeing investments and improvements to technology. Isabela and Antônio Lima Reis, alongside their children Gabriela, Júlia, Juliano and Otávio, manage the farms which have been in their family for generations. Sustainability plays an integral role in the high-quality flavors that this coffee has to offer.
