CROCHET BUNNY COASTER

You will be using:

- <u>Single crochet</u>
- <u>Slip stitch</u>
- <u>Magic ring</u>

You will need:

- about 12m 3mm braided cord in Pastel Pink
- about 2,2m 3mm Macrame Cord in White
- sharp scissors
- brush
- crochet hook 6mm

How to cut the cords

- 1 x 12m (braided cord
- 1 x 2m (macrame cord)
- 1 x 20cm (macrame cord)

Step 1

Start working on your crochet coaster by making a magic ring, do the first knot.

You can find the tutorial for the magic ring here.

Step 2

Make the first single crochet.

You can find the tutorial here.

Step 3

Make 9 single crochets, then grab the shorter cord and pull the magic ring as tightly as possible.

Step 4

By hammering the crochet hook in the marked place, make a slip stitch.

You can find the tutorial _here_.

Tip: It would be a good idea to put a marker here to know where the beginning and end of the row is.

Step 5

Insert the crochet hook in the place marked with the arrow(under two loops) and make two single crochets. Repeat for each loop, two single crochets.

Step 6

At this stage, your coaster should look like on photo above :)

Step 7

On the next round, we will make 2 single crochets and 1 single crochet until we have worked the whole circle (2, 1).

Step 8

Work the next two rounds, in the first round work alternately **2 single crochets** and in the next two loops work **1 single crochet (2, 1, 1).**

On the second round, make **2 single crochets** alternately, and in the next three loops make **1 single crochet** each. **(2, 1, 1, 1)**

Step 9

We move on to making rabbit ears :)

When the entire circle has been worked, make 16 chain loops.

Step 10

Make one single crochet in each chain loop.

Step 11

Insert the crochet hook into the next loop of the circle.

Pass it through the end of the rabbit's ear and make a sinlge crochet, this way you will be able to attach it :)

Step 12

Make a single crochet in the next three loops of the circle.

Step 13

Let's make the second ear!

Make 16 chain loops again. Do a single crochet in each of the loops. Fasten the ear making one single crochet.

Step 14

Make the last slip stitch.

Our rabbit is almost ready!

Step 15

Turn it over, pull out the cord, hide it between loops, Cut off any excess.

Step 16

We proceed to make a pompom.

Wind the 3mm White Macrame Cord around the 3 fingers.

Step 17

Use a 20cm long cord to make a double knot. Cut the resulting loops.

Step 18

Brush and form your pompom :)

Step 19

Fasten the pompom by tying a double knot on the back of the coaster.

Step 20

CONGRATULATIONS! Your crochet bunny coaster is ready!

We encourage you to make the rabbit family, so that the whole set of coasters!

Use **#bobbiny** and **#bobbinypattern** so we can see your work!
