Crochet Bag  
Daisy

## You will need:

- About 150m of 1.5mm 3ply Macrame Rope (we used Lavender color)
- 4mm crochet hook
- Scissors

## You will be using:

- Single crochet
- Chain stitch
- Double crochet

## Step 1

Let's start!

Make 28 chain loops. Tutorial [here](#).

## Step 2

Make a single crochet stitch in every loop working around, 56 single crochet stitches in total.

Tutorial for the single crochet [here](#).

### Step 3

At this stage the bottom of the bag should look like in the photo above.

## Step 4

Make two single crochet stitches in the marked place and continue making one single crochet stitch in every loop.

## Step 5

Repeat the same on the other side, make two single crochet stitches in marked places, then continue making one single crochet stitch in every loop.

## Step 6

Let's make the third round the same way.  
Add two single crochet stitches in marked  
loops.

## Step 7

At the end of the third round make the last two single crochet stitches in the marked loop.

## Step 8

Let's finish the bottom!

Make the fourth and fifth round by making one single crochet stitch in every loop.

## Step 9

Start the next round by making one double  
crochet in the first loop.

Tutorial [here](#).

## Step 10

After making one double crochet make two chain loops, then insert crochet hook in the third loop (skip two loops).

Continue following rounds in the same way.

## Step 11

Make the next round in the same way.

Remember to make every stitch exactly above the one from the previous round.

This will make the grid pattern symmetrical.

## Step 12

After making 11 rounds of grid pattern your bag should look like in the picture above!

## Step 13

Work four rounds more of grid pattern.

You should have 5 rounds for the bottom part of the bag and 15 rounds of the grid pattern.

## Step 14

Start the next round with a single crochet stitches.

Make six single crochet stitches.

## Step 15

Now make 80 chain loops for the bag strap, then insert the crochet hook 6 stitches before end of the round.

Continue making 6 single crochet stitches.

## Step 16

Repeat the same on the other side.

6x single crochet -> 80 chain loops -> 6x single  
crochet.

To finish it up - make one round of the single  
crochet stitches, also in the strap.

## Step 17

We are almost finished!

Make the last single crochet stitch and pull out the end of the cord.

## Step 18

Cut the end of the cord and hide it.
