You will need:

- About 30m of 5mm Macrame Cord
- Sharp scissors

You will be using:

- [Square knot](#)
- [Double half hitch knot](#)

How to cut cords:

- 1 x 250cm
- 5 x 180cm
- 10 x 120cm

Step 1

Take one 180cm cord and fold it in half.

Using lark's head knots attach 4 x 210cm pieces to the prepared cord.

Take the 250cm cord, fold it so that the shorter part has the same length as the previously attached cords.

Step 2

Put the core in the marked loop and squeeze it.

Step 3

Take the longest cord—core—and make a double half hitch knot on it with the remaining cords going around.

Step 4

At the end of the first round, add a 120cm cord with the lark's head knot.

Step 5

Continue making double half hitch knots.

At the beginning of the second round add the next cord 120cm long.

Step 6

In the third round add 3 cords 120cm long.
In the fourth round, again, add 3 cords.
In the last round add 2 cords 120cm long.

Step 7

At this stage, your coaster should look like in the picture above.

Divide the cords into four parts.

Step 8

Take the fourth cord and make a double half hitch knot using the third cord as a core.

Step 9

Take the second cord and make a double half hitch knots using third and fourth cord.

Step 10

Take the first cord and make a double half hitch knot on it using the second, the third and the fourth cord.

Step 11

Repeat it on the other side.

Connect both sides using double half hitch knot.

Step 12

Make four parts of the star the same way.

Step 13

Take the cord 70cm long and make a lark's head knot on the first cord.

Repeat it on the other side.

Step 14
