

# FLOW SLIM - FLOW SLIM COLOR

Jean Marie Massaud  
2009 - 2018

## AUTUMN

**Shell/base finishes: green, avio blue and powder pink.**  
Please, always check the availability with our Sales Department

A family of seatings of great impact and comfort. Designed for the home, the office and the community areas. Available in two versions with a wide range of bases and finishes.

### VERSION WITH A MASS-PIGMENTED SHELL (GLOSS OUTSIDE)

The shell, made from polycarbonate through injection moulding, is mass-pigmented in the matt colours white, lead grey, mud, green, avio blue and powder pink and has a standard double finish: gloss outside, and microgoffered inside.

### VERSION WITH MATT PAINTED SHELL

The injection moulded polycarbonate shell features a paint finish in the matt colours white, lead grey, mud, green, avio blue and powder pink.

### UPHOLSTERY (COUNTERSHELL)

The seatings can be completed with upholstery: a thermoformed padded countershell with a small pad made from quilted polyurethane and polyester wadding.

The padded versions can be upholstered in fabric or leather. Removable upholstery; extra cover available if requested.

**To select a suitable fabric for each product, please refer to the technical section at the end of the price list or to the product sheets available in the website.**

With customer's own leather, in order that the product is properly manufactured, the leather piece must be with no defects, such as scars or holes.

**Flow Slim padded**

### FLOW SLIM bases (only for black or white mass-pigmented shell)

The bases are supplied in the same colour of the shell, black or white:

- **sled base in steel wire**, painted matt white, matt graphite grey or chrome-plated.
- **VN 4-legged steel base** in folded sheet metal, painted matt white or matt graphite grey, with an aluminium coupling device painted in the same colour. 360° swivel.
- **4-legged LEM base** in double-layer tubular steel with connecting elements in steel wire, painted matt white or matt graphite grey. 360° swivel.
- **height-adjustable 5-point-star base on castors**, made of die-cast aluminium, painted matt white or matt graphite grey. Castors in the same colour of the base. Height adjuster (41.2/51.2 cm) crafted in steel. 360° swivel.

### FLOW SLIM COLOR bases (for black, white and colored shells)

The bases are supplied in the same colour of the shell:

- **base with central leg**: produced in aluminium painted with epoxy powder in the matt colours white, graphite grey, lead grey, mud, green, avio blue and powder pink or in gloss white. 360° swivel;
- **VN 4-legged oak base**, frame from transparent-lacquered natural oak solid wood with a natural, brown or bleached finish, with a lacquered aluminium coupling device painted matt white, graphite grey, lead grey, mud, green, avio blue and powder pink. 360° swivel;
- **4-legged oak base**, frame from transparent-lacquered natural oak solid wood with a natural, brown or bleached finish, with a lacquered aluminium coupling device painted matt white, graphite grey, lead grey, mud, green, avio blue and powder pink, 360° swivel;
- **4-legged CROSS base**: die-cast aluminium frame and solid wood legs, lacquered in the matt colours white, graphite grey, lead grey, mud, green, avio blue and powder pink;
- **4-legs CROSS OAK base**: die-cast aluminium frame painted with epoxy powders in the matt colours white, graphite grey, lead grey, mud, green, avio blue and powder pink, and solid natural oak legs with transparent lacquer, available in the finishes natural, brown or bleached.

### Optionals

Upholstered Pad: available both on Flow Slim and Flow Slim Color, made with polyurethane and polyester wadding, and with quilting that is thermally bonded to the fabric. This special manufacturing technique endows the texture patterns and the padding with a three-dimensional look, while ensuring quality and durability over time. Because of these special features, the upholstery covering cannot be removed.

# FLOW SLIM - FLOW SLIM COLOR

## FLAME RETARDANT PADDING

Norms 1IM, California TB 117-2013 and BS are available upon request with a surcharge as of +5%. Feasibility, costs and delivery times to be verified with our Sales Dept.

**NB:** the use of flame retardant polyurethanes and interliner can give a different result from the standard.

For the choice of the upholstery and its feasibility according to any norms, please refer to the technical section at the end of the price list.

## FLOW SLIM

sled, VN 4-legged steel, 4-legged LEM, adjustable 5-point-star base on castors.
