

Jean Marie Massaud
2018 - 2019

Neil is a lounge chair celebrating lightness and competence.

A radical language, a cosy comfort and an elegant technique that match surprisingly well with refined, natural finishes.

Now introduced in a four-star version, this new collection leaves space for further future options and different situations and uses.

The Neil armchair emerges today as a new icon of essential style.

PADDED VERSION

A load-bearing body in rigid polyurethane (compact, high performance techno-polymer obtained through moulding) covered with polyurethane foam rubber.

Polyester wadding completely covers the body. Available in high and low back version, with or without armrests.

Note: considering the construction of the product, outdoor use is not recommended.

VERSION WITH COUNTER-SHELL

A load-bearing shell in rigid polyurethane (compact, high performance techno-polymer obtained through moulding) and liquid painted in the colours matt white, bronze and black nickel. The colour of the shell matches with the one of the frame.

Counter-shell in rigid polyurethane covered with polyurethane foam rubber with upholstery in polyester wadding.

Available in high-back and low-back version, with or without armrests.

Note: considering the construction of the product, outdoor use is not recommended.

Bases:

- FOUR POINTS STAR PREMIUM: 4-points star steel base with cantilevered frame, matt powder painted white, bronze and black nickel. 360° swivel;
- FOUR POINTS STAR BASIC: 4-points star steel base with central frame, matt powder painted white, bronze and black nickel. 360° swivel.

Upholstery

Padded armchairs can be covered in fabric or leather.

The upholstery is not removable.

To select a suitable fabric for each product, please refer to the technical section at the end of the price list or to the product sheets available in the website.

For production with customer own leather, a full leather hide of no less than 5,00 square meters without defects such as scars or holes will be needed

Customer's fabric: feasibility, prices and delivery times are to be agreed and verified with the sales department.

FLAME RETARDANT PADDING

Norms 1IM, California TB 117-2013 and BS are available upon request with a surcharge as of +5%. Feasibility, costs and delivery times to be verified with our Sales Dept.

NB: the use of flame retardant polyurethanes and interliner can give a different result from the standard.

For the choice of the upholstery and its feasibility according to any norms, please refer to the technical section at the end of the price list.

FRAME FINISH

S007 = matt painted white X053

S068 = matt painted bronze X100

S069 = matt painted black nickel X101
