

AÏKU / AÏKU SOFT STOOL

Jean Marie Massaud
2019

A family of stools of great impact and comfort completing the Aïku and Aïku Soft Collection. Designed for home, office and community areas, they're available with a wide range of bases and finishes.

Two-colour shell

Shell made from two-colour polypropylene through injection-moulding, mass pigmented with double finish; gloss outside, in black and white colours, inside with matt saffiano effect in different colours.

Gloss white external shell, inside: light grey, sugar paper blue, olive green and dove grey.
Gloss black external shell, inside: dark grey and military green.

Padded shell

Injection moulded polypropylene body, cold moulded padding shaped and applied on the load-bearing piece.

The cover is not removable and covers the shell completely.

Customer's fabric: feasibility, prices and delivery times are to be agreed and verified with the sales department.

To select a suitable fabric for each product, please refer to the technical section at the end of the price list or to the product sheets available in the website.

NB: due to the nature of the two-colored and padded shell, we do not recommend outdoor use.

Bases:

- **sled base** in steel wire, matt painted white, graphite grey or chrome-plated; seat height available: 64 cm and 76 cm.
- **4-legged base in solid oak** with a natural, bleached or brown finish. Footrest in chromed steel for all color options. Seat height available: 64 cm and 76 cm.

NB: The sled version, in all configurations, is stackable, with a maximum stackability of 6 pcs.

The AïKU SOFT version is not stackable unless the specific "stacking under-seat" is used.

This accessory can be applied to the sled base and allows the stacking of maximum of 4 stools.

FLAME RETARDANT PADDING

Norms 1IM, California TB 117-2013 and BS are available upon request with a surcharge as of +5%. Feasibility, costs and delivery times to be verified with our Sales Dept.

NB: the use of flame retardant polyurethanes and interliner can give a different result from the standard.

For the choice of the upholstery and its feasibility according to any norms, please refer to the technical section at the end of the price list.

Optional accessories:

- **Under-seat** injection moulded under-seat for better stacking.
- **Trolley** aluminium grey epoxy painted steel frame, with pirouetting castors matching the frame; maximum capacity 10 pieces.

Padded Pad

Thermoformed cushion, size 47.8 x 43.5 cm, 1.5 cm thick, with BS flame-retardant polyurethane padding and combined with welded fabric; non-slip PES-PU coat underneath. This technical manufacturing detail enhances both graphics and padding with a 3D effect, ensuring quality and a long lasting product. Considering the special features, the cover is not removable.

Cushion available with LONDRA fabric cover in the colours white col. 01 and black col. 07.

Ref. regulations ISO and UNI EN, please refer to the technical section at the end of the price list.
