

FLOW TEXTILE

Jean Marie Massaud
2019

AUTUMN

Base finishes: green, avio blue and powder pink.
Please, always check the availability with our Sales Department

A family of aesthetically striking seats that prioritise comfort. Available in the padded and completely upholstered version from the Flow Chair and Flow Slim family with a wide range of bases and finishes. At Imm Cologne, the new version is presented with a range of new fabrics with highly graphical details. A game of precise geometries and lines that turn the shell into a work of art.

UPHOLSTERY

Shell composed of a thermoformed and padded countershell with a small pad made from quilted polyurethane and polyester wadding at the front, and upholstery with zips in the lower part of the chair.

The textile part is made from removable fabric or leather, which can be supplemented with additional upholstery.

NB: the fabric shell cannot be used without upholstery or partially upholstered (only countershell). Given the nature of the shell, we do not recommend using it outdoors.

To select a suitable fabric for each product, please refer to the technical section at the end of the price list or to the product sheets available in the website.

Bases:

- **VN 4-legged steel base** in folded sheet metal, painted matt white or matt graphite grey, with an aluminium coupling device painted in the same colour. 360° swivel.
- **base with central leg:** produced in aluminium painted with epoxy powder in the matt colours white, lead grey, mud, green, avio blue and powder pink. 360° swivel.
- **VN 4-legged oak base,** frame from transparent-lacquered natural oak solid wood with a natural, brown or bleached finish, with a lacquered aluminium coupling device painted matt white and graphite grey. 360° swivel.

- **4-legged oak base,** frame from transparent-lacquered natural oak solid wood with a natural, brown or bleached finish, with a lacquered aluminium coupling device painted matt white and graphite grey. 360° swivel.
- **4-legged CROSS base:** die-cast aluminium frame and solid wood legs, lacquered in the matt colours white, lead grey, mud, green, avio blue and powder pink.
- **4-legs CROSS OAK base:** die-cast aluminium frame painted with epoxy powders in the matt colours white, and graphite grey and solid natural oak legs with transparent lacquer, available in the finishes natural, brown or bleached.

FLAME RETARDANT PADDING

Norms 11M, California TB 117-2013 and BS are available upon request with a surcharge as of +5%. Feasibility, costs and delivery times to be verified with our Sales Dept.

NB: the use of flame retardant polyurethanes and interliner can give a different result from the standard. For the choice of the upholstery and its feasibility according to any norms, please refer to the technical section at the end of the price list.

Ref. regulations ISO and UNI EN, please refer to the technical section at the end of the price list.
