

Sirelli 2

Road | Performance | Carbon | 700C

€1.851,00

The Sirelli 2 has been designed with compact geometry and fork offsets optimised for big descents. The lightweight road bike frame offers efficient pedalling and all-day on-road comfort. The frame is Di2 compatible. Sirelli is a quick and nimble, great riding carbon bike, equally at home racing or when you head out for a quick coffee with friends.
