

Stratos AL 5

Dual-Suspension | Cross-Country | Alloy | 29"

€1.656,00

Stratos AL 5.0 is the right XC mountain bike for the first time full suspension buyer for recreational riding. Silverback's POP geometry makes it a strong climber and a balanced confident descender. The linkage driven asymmetric single-pivot suspension is tuned for optimal small bump sensitivity and big-hit compliance without power delivery penalties. The suspension curve is designed to offer full use of available travel. The Stratos AL 5.0 uses the same frame as the AL 1.0. Based on the ground-breaking Stratos CF race-machine, but adapted to offer a more value-focused, mild-mannered bike for the everyday rider. New to mountain biking, or first full-suspension bike; trails, XC or marathon, the Stratos AL 5.0 is designed to take care of business.

SPECIFICATIONS.

Crankset	Surface Alloy BOOST 32T
Cassette	Shimano CS-HG500-10, 10spd, 11-42t
Rear Der	Shimano Deore M6000, GS 10spd, Shadow Plus
Shifters	Shimano SL-M610 10spd, w optical gear display
Bottom Bracket	Surface anodized Alloy
Fork	Rock Shox Judy Silver TK 120mm
Rear shock	X-FUSION 02 Pro RL, 210mm x 47.5mm, B-Tune
Hubs	Shimano Deore Hubs, 15 x 110mm F, 148 x 12mm R Centerlock
Rims	Surface 29", 21mm, 32H
Tyres	Maxxis Crossmark 29" x 2.25" TR
Seatpost	Surface Alloy 30.9mm
Saddle	Surface, Black steel rails
Handlebar	Surface Alloy Butted, 31.8mm, 9deg backsweep, 5deg rise, 780mm width
Stem	Surface Alloy 6deg rise, 45mm S/M, 55mm L/XL
Frame	New Stratos asymmetric Hydro formed 6061 Alloy. 120mm travel, Boost 148mm. tapered headtube.
Brake set	Tektro Hydraulic Disc brakes. 180mm F / 160mm R
Weight	14.82kg
Weight Limit	110kg - combined weight of bike and rider (including all kit)
Travel	120mm
