

Stratos CF SBC

€6.043,00

Dual Suspension | Cross Country | Carbon | 29"

Bred for the most demanding courses the world over, the Stratos CF was designed from the ground up to trounce any terrain. Asymmetric design dissipates load based on magnitude and position, levitating stresses where it's most concentrated. Paired with top-end 12-Speed XX1, 100mm Fox 32 SC, and Surface Carbon wheels, it sets the scene for serious racing. Oversized tapered pivot and Burst Flex suspension makes for a stiff, responsive, extremely light and agile race bike. Dropper post compatibility for versatility, nothing will be in the way of your success on-board a Stratos SBC.

SPECIFICATIONS.

Crankset	SRAM XX1 Eagle, DUB, 34T
Cassette	SRAM CS XG 1299 Eagle 10-50T
Rear Der	SRAM XX1 Eagle
Shifters	SRAM XX1 Trigger shifter
