with traditional laces and
keychains
Made in Spain
Sole length : 7.5cm

DIEGOS ROPES AND CORDS

Made by José Luis, the last traditional rope-maker in Spain, with the help of his old machines that date back to the 1930s. These machines braid jute and recycled fibers into strong and malleable strands of rope.

Measurement:
1.9cm wide - 0.7cm deep

This rope is specifically made in Spain to cover parts of the sole that would be made of cork, wood or any other material.

The size of both ropes sewn together is 2 cm wide by 0.5 cm deep (0.8" x 0.2)

Sisal rope used to sew the inside of the vintage espadrilles soles

Measurement: 2mm thick

Strong thread made with recycled linen and cotton, made in Barcelona, Spain

Measurement:
4mm thick

Braided cord
COMPOSITION: 99.7% Cotton and a 0.03% thin nylon monofilament that holds the cord together.

Measurement:
8mm thick

Jute thread used in Spain to make the soles of the espadrilles
8 Strands of this thread are interlaced to make the espadrille rope.

Measurement:
2mm thick

CANVAS

100% cotton woven canvas

5.9" (15 cm) wide

thickness: 1.5 mm

Made in Alicante, Spain.

Selvedge on both sides thus no need for interfacing or lining. Fabricated from environmentally friendly material and fabrication methods, utilizing solely sustainable fibers, this versatile and sturdy canvas comes in colorful prints and patterns.
