About Us

Fragrance mall was established in 2016 as a business specialising in the supply and distribution of niche luxury and inspired perfumes from the Gulf regions. We are distributors of MARIEN Luxury 100% Original Perfumes, Capriole and L'Intense De Blue inspired perfumes. Our manufactures create good quality perfumes made to high intensity and also good on the pocket. All our fragrances are Eau de Parfum.

We are based in Essex and we aim to serve the best of oriental perfumes from the UAE.

Oriental and French Perfumes enjoy an esteemed reputation in the middle and far east region and with strong interest from the UK and EU markets our mission is simply to make these luxury perfumes easily accessible.
