Step 3

Mount the back panel using predrilled mounting holes, use a level to ensure level installation (make sure the side of the panel you placed the threaded inserts into is facing the wall) If using drywall anchors, install them first on the wall in locations corresponding with predrilled mounting holes on the panel

Step 4

Screw bolts into threaded inserts at the top of the panel and fit face panel over (make sure the bolts screw fully into inserts)

Step 5

Screw remaining bolts through face panel into threaded inserts
