vitaADDmin Basis

Vegan

micronutrient complex for immune system support

78 g e

120 capsules

Serving size (4 capsules) contains:

Vitamins		Minerals		Others	
Vitamin A	800 µg (100%*)	Calcium	147 mg (18%*)	Ginkgo biloba extract	60 mg
Vitamin D	20 µg (400%*)	Magnesium	73,5 mg (20%*)	Flavonols	15 mg
Vitamin E	150 mg (1250%*)	Iron	8 mg (57%*)	Grapeseed extract	21,5 mg
Vitamin K	60 µg (80%*)	Zinc	10 mg (100%*)	OPC (oligomeric proanthocyanidins)	15 mg
Vitamin C	600 mg (750%*)	Copper	1 mg (100%*)	Blueberry extract	40 mg
Thiamine (Vitamin B1)	15 mg (1364%*)	Manganese	1 mg (50%*)	Anthocyanidins	10 mg
Riboflavin (Vitamin B2)	15 mg (1071%*)	Selenium	55 µg (100%*)	Tomato extract	2,5 mg
Niacin (Vitamin B3)	60 mg (375%*)	Chromium	50 µg (125%*)	Lycopin	250 µg
Pyridoxine (Vitamin B6)	15 mg (1071%*)	Molybdenum	60 µg (120%*)	Papain	10 mg
Folic acid	600 µg (300%*)	Iodine	150 µg (100%*)	Bromelain	10 mg
Vitamin B12	10 µg (400%*)			Red beet powder	10 mg
Biotin	150 µg (300%*)			Betain	0,03 mg
Pantothenic acid	18 mg (300%*)			Coenzyme Q10	10 mg

* Reference amount of the nutrient reference values (Ger. NRV)

Ingredients:

Calcium L-ascorbate, D-α-tocopheryl acetate, calcium salts of citric acid, magnesium salts of citric acid, magnesium oxide, zinc gluconate, ginkgo biloba extract [leaves] (with flavonols), nicotinamide, blueberry extract (with anthocyanidines), potato starch, grape seed extract (with OPC), ferric sulfate, calcium D-pantothenate, beta carotenes, thiamine hydrochloride, pyridoxine hydrochloride, riboflavin, cyanocobalamin, coenzyme Q10, papain, bromelain, beetroot powder (with betanine), retinyl acetate, cholecalciferol, manganese chloride, copper sulfate, tomato extract (with lycopene), phytonadione, calcium-L-methylfolate, chromium (III) chloride, sodium selenate, D-biotin, sodium molybdate, potassium iodide. Capsule shell: Hydroxypropylmethylcellulose.

Directions:

Take 2 capsules twice daily with sufficient liquid. Do not exceed the recommended daily intake.

vitaADDmin Basis provides important micronutrients for the daily support of the immune system:

- Vitamin A contributes to the maintenance of healthy vision.
- Zinc and pantothenic acid contribute to normal cognitive and mental performance.
- Contains a vitamin B-complex and pantothenic acid, which contribute to the physiological function of the nervous system and to the reduction of tiredness and fatigue.
- Vitamin C protects the cells from oxidative stress and contributes to healthy energy metabolism.
- Iodine contributes to the physiological production of thyroid hormones and to physiological thyroid function.

Store dry, protected from light, and between 15 °C and 25 °C.
