woven

We're rethinking how outdoor furniture is designed, cared for, and disposed of. This is a new way to enjoy life outdoors—designed after nature's own genius, using natural materials, and made with respect for our collective home.

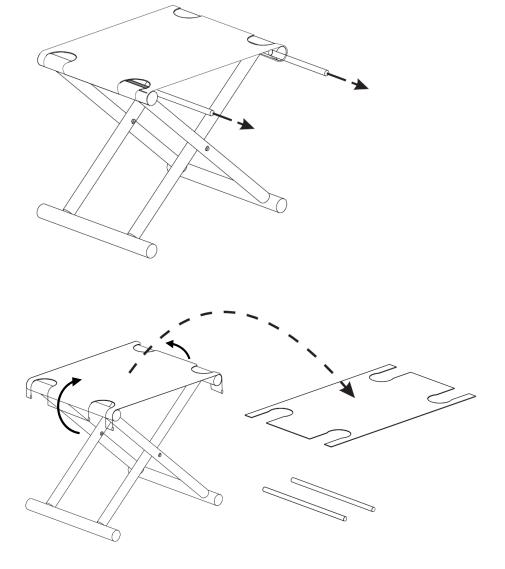

Now let's get you one step closer to enjoying nature, naturally.

STEP1

Remove the wooden dowels from pockets in the fabric and from underneath the seat.

STEP3

Machine wash cold with mild detergent or a bleach detergent if treating stains. Hang to dry.

STEP 4

Complete step 1-2 in reverse order, making sure to thread the dowels on the top side of the X-Base and through the pockets in the fabric.
