With gifts that look expensive from Amazon Basics, TRUFF, Pout & Pretty and more by MELANIE RUD UPDATED ON 11/17/22

When it comes to gift-giving, there's certainly truth to the old adage "it's the thought that counts." Of course, there are plenty of luxe options out there—and sometimes splurging on a special someone is definitely warranted. But there's certainly no need to spend tons of money in order to find a present that's special and feels giftable. Case in point: All of the below options ring in at \$25 or less, yet give off way more expensive vibes. And with choices in the beauty, fashion, food, home, and wellness categories, there really is a little something for everyone, no breaking the bank required.

### Shaeri Magic Cactus Shampoo

For curly, frizzy, dry, or damaged hair, this sudser is a gamechanger. As the name suggests, the star of the show is organic prickly pear seed oil, packed with conditioning vitamin E, plus fatty acids that are good for your hair and your scalp. Not to mention that the fun and colorful packaging makes this feel way more special than an average bottle of shampoo.
