▶ A hood seems like an unlikely style icon in your kitchen, but the **Zephyr Modena** Island range hood will draw all eyes to its sleek lines and slim profile. Designed for an island cooktop — a wall version is available too — the hood features the brand's DCBL Suppression System™ for quieter and more efficient performance. This technology uses Bloom™ HD LED bulbs and electronic LCD controls. The Europa collection includes a number of other high-fashion models with the DCBL system. www.zephyronline.com

▶ What do you do with a half-finished bottle of wine? Various DIY preservation methods exist, but none as effective or long lasting as dispensing machines. Often seen in wine bars, they serve a single pour without exposing the rest of the bottle to air, keeping the wine fresh for weeks. The **Vinotemp Dual Zone Dispenser and Cooler** takes this to the next level, serving four open bottles on top and refrigerating 88 bottles in two separate sections below. No wonder it recently earned Design Journal's 2012 Platinum Award for Design Excellence (ADEX). www.vinotemp.com

product guide

▶ Mealtime logistics just got a lot easier with the incredible 60" gas **Culinarian range from Capital**. With six burners and a 24" Thermo-Griddle-Plate™, it can handle an entire dinner party's worth of cooking all at once. Each open burner is designed for a more even distribution of heat than the usual ring of fire. This is the largest model, with various other sizes and configurations (including grills, griddles, and burners) available both in freestanding and drop-in versions. Choose from 10 different colors (or even a custom hue) for the oven part of the freestanding models. www.capital-cooking.com

▶ For a traditional kitchen, the **ROHL Shaws Original 1 ½ Bowl Fireclay Apron Kitchen Sink** is a beautiful choice. Stark all
