**28.** The SO612 shower rain head from **MGS (Booth N509)** features a sleek, minimalist design. With an appearance like a rod jutting out from a circular backplate, the wall-mounted showerhead has high-precision laser-cut holes for a rain effect. MGS rain shower systems are available as a showerhead only or can be upgraded to include a handshower. All systems are available in brushed or polished stainless steel or the new Black Steel. **29.** **Viking Range (Booth N327)** puts high-speed cooking technology into its Viking Professional TurboChef 30" Double Oven. The top oven features Airspeed Technology, which distributes air into the cook cavity to be circulated from the top to the bottom; it can include precision bursts of microwave power. The lower oven uses conventional, convection, proofing and warming drawer capabilities. A touch-control system offers seven speedcook modes: bake, roast, broil, air crisp, toast, dehydrate and favorites. CIRCLE NO. 258 ON PRODUCT CARD

**30.** Designed and signed by Brazilian designer Cleber Luis, the ZEN Diamond collection of decorative hardware and bath accessories from **Solua (Booth N4092)** features a towel ring, wall soap dispenser, towel bar, square knob, toilet paper holder and hook. Incorporating Swarovski crystals in contemporary forms, the pieces are offered in polished chrome, diamond chrome or white finishes. CIRCLE NO. 259 ON PRODUCT CARD

**31.** **Vinotemp's (Booth S4065)** Zero-G Suspended Wine System creates the illusion of floating wine bottles while providing secure wine bottle storage. Custom made at the company's Southern California manufacturing facility, the racking system features a combination of handcrafted white oak blocks and aluminum. The racking is available with completely customizable stain and paint color options - along with customized bottle storage to accommodate varying bottle and wine collection sizes. **32.** The Stile Thin Porcelain Collection from **MS International (Booth N4027)** showcases the beauty of natural stone in a porcelain surface. The lightweight and ultra-thin porcelain panels are available in six colors: Calacatta Polished, Crema Marfil Polished, Onice Bianco Polished, Statuario Altissimo Polished (shown), Travertino Santa Caterina Polished and Zebrino Black Polished.
