Cangshan N1 Series Knife Set

www.cangshanknife.com

Who doesn't want a set of high-quality knives that are also beautiful? The Cangshan N1 Series Knife Set combines balance, precision and great design. The knives embody bold contrast, complementary textures and the continuous journey between subtle and sharp. Warm, rich Acacia wood supports, protects and frames the stunning, hand sharpened all-metal forged German steel implements. The minimal, sleek hollow-handle design ensures these knives are well balanced — aesthetically and in the chef's hand.

Design Trifecta 360 Knife Block

www.360knifeblock.com

A new idea knife block design doesn't come along every day. The 360 Knife Block is accessible from every direction, constructed on a solid steel base surrounded by a wood hourglass frame that rotates, making it an easy-to-access tool that can fit in any style kitchen. It takes over eight feet of wood, 16 joints, 30 neodymium magnets, a solid steel rotating base, and hand-sanding and -finishing to build the artisan 360 Knife Block. This is the knife block we actually want to display on our counter.

Epicureanist Whiskey Glass

www.epicureanist.com

Artisanal whiskey deserves a special glass. For the designers at Epicureanist, the essence of the cocktail culture coupled with an appreciation of whiskey's artisanal origin inspired the design of the new, spinning Helix Whiskey Glass — a glass that unlocks the flavor of whiskey while accentuating the artful, slow process in which the spirit is consumed. The exclusive Epicureanist Helix

Whiskey Glass features a patent pending design that allows the glass to spin in place — aerating whiskey to unlock its complex flavors and aromas. It must be 5 o'clock somewhere.

Prepara Adjustable Oil Pourer

www.prepara.com

No more over-pours! The Adjustable Oil Pourer lets us control the speed of the oil while we're cooking and preparing. It's easy to adjust the flow by twisting the spout to get the flow we want. When we finish, we just turn the spout to closed so the bottle is sealed tight for storage. It fits most oil bottles and has a non-drip spout. We're going to be making a lot more salad dressings from scratch.
