155-Bottle Dual-Zone Wine Cooler
EL-142TSST

Store your wine at the optimal temperature in this attractive 155-bottle dual-zone wine cooler by Vinotemp. The EL-142TSST has 15 sturdy glide-out metal shelves, a black body and stainless steel trim and dual-paned glass door. The unit allows you to maximize your storage space with 13 full size shelves and 2 half size shelves with enough room to store 77 standard size bottles (750 mL) in the upper zone and 78 in the lower zone. The digital temperature controller is located at the top of the door, allowing you to set the temperature without having to open the door. Two adjustable temperature zones let you store red and white wines at their ideal temperatures to maintain the flavor. A front exhaust allows the unit to be built-in or freestanding. With a sleek frameless design, this wine cooler will be an excellent addition to your home.

Left: Touch screen control panel, interior lighting, and removable top shelf
