

VT-122TS-2Z 58 Bottle Wine Cooler (White)

The ultra-sleek 110 Bottle Dual-Zone Wine Cooler with Seamless Glass Door by Vinotemp adds a touch of sophistication to any room. With 2 zones, the frameless VT-122TS-2Z allows you to store reds and whites separately at their ideal temperatures. With its seamless, all-glass technology, this unit allows you to house approximately 44 standard bottles in the top zone and 66 bottles in the lower zone. A digital control panel at the top of the door allows you to adjust the temperature of the cooler without having to open the cooler door.
