

58-BOTTLE WINE COOLER

VT-58 & VT-58SB-ID

OWNER'S MANUAL

YOUR WINE COOLER

This wine cooler can be used for storage and/or service. It has a glass door and a soft interior light to elegantly display your wine.

SERVING WINES

Storing wines at the proper temperature is important. To preserve them as long as possible, wine should be stored at approximately 55° Fahrenheit/13° Celsius. However, the chart below suggests the optimal drinking temperature for the different styles of wine.

°C	°F	Wine Style
19	66	Armagnac, Brandy, Cognac
18	64	Full Bodied Red wines, Shiraz
17	62	Tawny Port
15	59	Medium Bodied Red Wines
14	57	Amontillado Sherry
13	55	Light Bodied Red Wines
12	54	Full Bodied White Wines
11	52	Medium Bodied White Wines
10	50	Rosé, Light Bodied White Wines
9	48	Vintage Sparkling
8	46	Fino Sherry
7	45	Non Vintage Sparkling

General Operating Instructions

Remove all external and internal packaging from your wine cooler. Be sure that all parts have been included before discarding any packaging materials. You may want to keep the box and packing materials for use at a later date.

Upon receipt and inspection of unit, the supply cord must be replaced if it is damaged. Contact our customer service at 1-800-777-8466 or info@vinotemp.com.

• Let the unit rest UNPLUGGED for 24 hours once you have it placed in your home.

IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electrical shock or injury when using your appliance, follow these basic precautions:

- Do not operate this or any other appliance with a damaged cord.
- · Do not operate if housing is removed or damaged.
- Exercise caution and use reasonable supervision when appliance is used near children. Never allow children to operate, play with or crawl inside the appliance. Keep packing materials away from children.
- Before performing any maintenance or cleaning, ensure that the unit is unplugged or that the power line is disconnected.
- Do not clean appliance with flammable fluids. Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. The fumes can create a fire hazard or explosion.
- Exercise caution when moving and installing the unit. The cooler is heavy and may require two or more people when moving the unit to prevent strain or injury.
- Unit features a front exhaust system for freestanding or fully recessed applications.
- Locate the unit away from direct sunlight and sources of heat (stove, heater, radiator, etc). This unit is intended for indoor use only and must be installed in an area protected from the elements.
- This appliance is intended for use in a controlled ambient location such that the ambient temperature does not exceed 90°F (32°C).
- Place the appliance on a solid, level surface.
- Do not attempt to repair or replace any part of your appliance unless it is specifically recommended in this manual. All other servicing should be referred to a qualified technician.
- Connect to properly polarized outlets only. It is recommended that a separate circuit, serving only your appliance be provided. Use receptacles that cannot be turned off by a switch or pull chain. Be sure that the plug is fully inserted into the receptacle.
- To protect against electric shock, do not immerse appliance, plug or cord in water or other liquids. Avoid locating the unit in moist areas.
- Do not use this appliance for anything other than its intended purpose as described in this manual. For indoor, household use only.
- Do not operate the unit with wet hands, while standing on a wet surface or while standing in water.
- Do not use solvent-based cleaning agents or abrasives on the interior of the cooler. These cleaners may damage or discolor the interior.
- Keep fingers out of pinch point areas and be careful when closing doors if children are around.
- This appliance is designed for storing and cooling wines and beverages. Do not store perishable food or medical products within the unit.
- When disposing of refrigeration appliances, special handling is often required. It is the consumer's responsibility to comply with federal and local regulations when disposing of this product.
- **WARNING:** Risk of child entrapment and suffocation. Before you throw away this or an old unit, remove the door. Leave the shelves in place, so that children may not easily climb inside.

ELECTRICAL CONNECTION

Improper use of the grounded plug can result in the risk of electrical shock. If the power cord is damaged, frayed or shows cracks or abrasions across its length, have it replaced at an authorized service center.

For your protection, this unit is equipped with a 3-conductor cord set that has a molded 3-prong grounding-type plug, and should be used in combination with a properly connected grounding-type outlet.

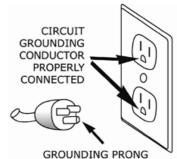

- Do not under any circumstances cut or remove the third ground prong from the power cord supplied. For personal safety, this appliance must be properly grounded.
- The cord should be secured behind the unit and not left exposed or dangling to prevent accidental injury.
- A standard electrical supply (115V AC 60Hz), properly grounded in accordance with the National Electrical Code and local codes and ordinances, is required.
- When a standard 2-pin wall outlet is encountered, it is your responsibility to have it replaced with a properly grounded 3-pin wall outlet.
- Never unplug the unit by pulling the power cord. To disconnect the appliance, always grip the
 plug firmly and pull straight out from the wall outlet. When moving the unit, be careful not to
 damage the power cord.
- The unit should always be plugged into its own individual electrical outlet with a voltage rating that matches the rating label on the unit.
- Do not pinch or kink the power supply cord.
- Repair or replace all power cords that have become frayed or damaged. Do not use a cord
 that shows cracks or abrasion damage along its length or at either end. When moving the
 appliance, be careful not to damage the power cord.

EXTENSION CORD

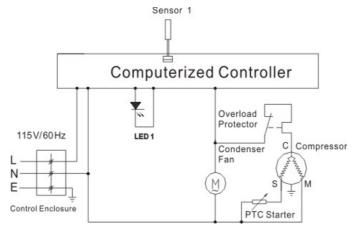

For your protection, this unit should be properly grounded. Unit is equipped with a 3-conductor cord set that has a molded 3-prong grounding-type plug, and should be used in combination with a properly connected grounding-type outlet as shown to the right.

It is not recommended to use this wine cooler with an extension cord or power board. Please ensure that the appliance is plugged directly into the electrical outlet.

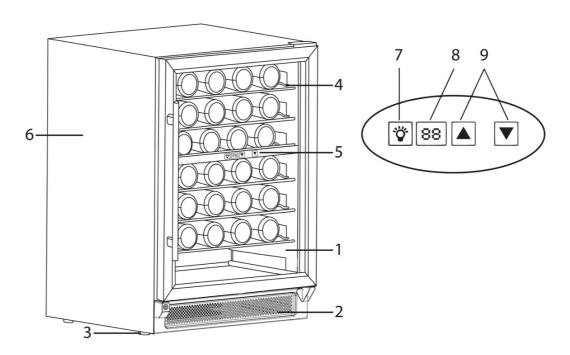

CAUTION: It is strongly recommended that you do not use an adapter or an extension cord with this unit.

TECHNICAL DATA

Model No.	VT-58 & VT-58SB-ID
Capacity	58 Bottles
Voltage	115V
Frequency	60 Hz
Refrigerant	R134a
Power Consumption	2.5 kWh/24h
Input Power	115W
Ambient Temperature Range	60°- 90°F
Control Temperature Range	45°- 65°F
Net Weight	105.8 LBS
Gross Weight	119 LBS
Dimensions (W x D x H)	23 4/5" x 24" x34 1/2"

***Note:** This wine and beverage cooler is designed to store approximately 58 standard Bordeaux 750 ml bottles. Storing large and/or oddly shaped bottles (including champagne and sparkling wine bottles) will decrease the capacity of your appliance.

INSTALLATION

BEFORE USING YOUR APPLIANCE

- Remove any exterior and interior packing material.
- Check to be sure all parts including an accessory kit and 1 owner's manual.
- **IMPORTANT:** Before connecting the appliance to the power source, let it stand upright for approximately 24 hours. This will reduce the possibility of a malfunction in the cooling system from handling during transportation.
- This unit is designed to be built-in (fully recessed) or free standing.
- Clean the interior surface with lukewarm water using a soft cloth

INSTALLATION OF YOUR APPLIANCE

- This unit is designed for indoor use only. Position the unit in a dry and well-ventilated place. Avoid placing the cooler near any source of heat or moisture, or in direct sunlight. Do NOT install the unit in a location with an ambient temperature that will fall below 60°F.
- For freestanding installation, 5" of space at the back and both sides are suggested to ensure proper air circulation to cool the compressor and condenser.
- For built-in installation, leave a ¼" (6.35mm) space on each side and at the top, and 1-2" at the back of the wine cooler to ensure proper air circulation to cool the compressor and condenser. Also, be sure to not obstruct the front exhaust vent with anything as this may prevent the unit from performing properly.
- Place the appliance on a level surface strong enough to support it when it is fully loaded. To level the wine cooler, adjust the front leveling legs at the bottom of the unit.
- For best performance it is recommended that you install the appliance in a location with an ambient temperature between 60°-90°F. If the ambient temperature is above or below recommended temperatures, the performance of the unit may be affected.
- It is recommended that you do not install the appliance near an oven, radiator or other heating source. Direct sunlight may affect the acrylic coating and heat sources may increase electrical consumption. Don't install in a location where the temperature will fall below 60°F.
- Do not store or install the appliance outdoors, in a garage, basement, or in moist areas.
- · Plug the unit into an exclusive, properly installed-grounded wall outlet.
- · Do not lift unit by the door handle.
- Do not place heavy objects on top of the wine cooler.
- To level your appliance, adjust the front legs at the bottom of the appliance.

DOOR HANDLE INSTALLATION

- Gently pull away the door gasket in the area where the door handle is to be installed. The gasket is easily replaced by hand no tools are required.
- Use a Philips head screwdriver to remove/install the screws that secure the door handle. Do
 not over tighten the screws as this will cause damage to the handle.
- If needed, use a flat had screwdriver to remove the two decorative plugs from the front of the door on the side of the cooler that you would like the handle to be installed on. Save the plugs for future use.
- Replace the door gasket to its original position. Insert plugs into open door holes if desired.

OPERATING YOUR WINE COOLER

- Gently place/slide the racks into the wine cellar.
- Determine the best temperature setting to use.
- Place bottles inside the cooler.
- Plug the power cord into a standard ground electrical outlet.
- In order to conserve energy and maintain proper storage temperature, limit the frequency in which you open the door.
- You can turn the interior light on and off by touching the button labeled with a light on the front
 of the control panel.
- If unit is equipped with a lock, insert the key provided and turn to operate the lock. Make sure that the key is kept in a secure place when not in use.

IMPORTANT: When using the wine cellar for the first time, allow at least 24 hours for the internal temperature to adjust properly. Make sure there are at least 3 to 5 bottles in the unit.

TEMPERATURE CONTROL:

IMPORTANT: In order to operate efficiently, this product should be in an environment with an ambient temperature of less than 90°F (32°C).

TEMPERATURE PRESET:

For your convenience, the manufacturer has pre-set the temperature of the wine cooler to $54^{\circ}F$ ($12^{\circ}C$).

LIGHT ♡

To turn on the internal LED lighting, touch the 🌣 button.

SETTING THE TEMPERATURE:

The temperature range for this unit is from 45-65°F/7-18°C.

UP A

Used to raise (warm) the set temperature by 1°C or 1°F.

DOWN ₹

Used to lower (cool) the set temperature by 1°C or 1°F.

Error Codes: When the cabinet temperature is too low, the LED will display "LL". When the temperature is too high, it will display "HH". The "ER" display shows when there has been a power disruption.

STORING WINE

While bottles may vary in size and dimension, you can store approximately 58 standard Bordeaux 750 ml bottles in this wine cooler. Please note that bottle capacities are approximate maximums when storing traditional Bordeaux 750 ML bottles and include bulk storage.

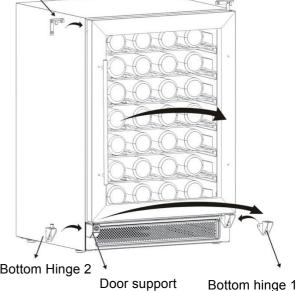

REVERSAL OF DOOR SWING

This wine cooler is built with a reversible door hinge. You have the choice of opening it from either the left or the right side. In order to reverse the direction in which your door opens, please follow these simple instructions.

CAUTION: To avoid personal injury to yourself and/or property, we recommend that someone assist you during the door reversal process.

IMPORTANT: Empty the wine cooler and secure any loose parts (shelves) before reversing the door.

- 1. Remove bottom hinge 1 and place it inside the accessory bag for later use
- 2. Taken out the new door bracket from accessory plastic bag, then assemble it at right side. Remove the decorate cover. Lock. door support plastic parts from left side to right side, then assemble them on the new door bracket.
- 3. Remove the door and set it aside for later use
- 4. Remove top hinge 1 and place it inside the accessory bag for later use
- 5. Remove the hinge cover on the top left-hand side of the cabinet and install it on the top right-hand side of the cabinet
- 6. Take out top hinge 2 from the accessory bag and install it on the top left-hand side of the cabinet
- 7. Remove the door handle from the left-side of the door frame and install on the right-side
- 8. Install the door
- 9. Take out bottom hinge 2 from the accessory bag and Bottom Hinge 2 install it on the bottom left-hand side of the cabinet
- Install door support on the bottom right-hand side of the cabinet

Top hinge 2

Top hinge 1

Note:

- 1. It is recommended that you change the door swing before installation.
- 2. In order to allow the coolant to settle inside the compressor, you must refrain from plugging in the unit for 24 hours after the cabinet has been out of an upright position.

CARE AND MAINTENANCE

CAUTION: Failure to unplug the appliance could result in electrical shock or personal injury.

CLEANING YOUR WINE COOLER

IMPORTANT: Always unplug the unit before cleaning or performing maintenance. Never use harsh cleansers or scouring pads to clean any part of the unit.

- Turn off the power, unplug the appliance, and remove all items including shelves.
- Clean the stainless door trim, handle, and inside surfaces with a warm water and baking soda solution. The solution should be about 2 tablespoons of baking soda to a quart of water.
- · Wash the racks with a mild detergent solution.
- Wring excess water out of the sponge or cloth before cleaning control panels or any electrical parts.
- Wash the outside cabinet with warm water and mild liquid detergent (or other nonabrasive cleanser). Rinse well and wipe dry with a clean soft cloth.
- Always dry all parts with a clean, dry cloth before plugging the wine cellar back into the receptacle.
- · Do not connect or disconnect the electric plug when your hands are wet.
- Never clean appliance parts with flammable fluids. These fumes can create a fire hazard or explosion.
- Do not use solvent-based cleaning agents, chemical cleaners or abrasives to clean this wine cooler. These cleaners may damage or discolor the unit.

INACTIVITY

If the unit will not be used for a period of less than three weeks, leave the cooler operating. If the period of inactivity is several months, remove all items and turn the unit off. Clean and dry the interior thoroughly. Leave the door open slightly to prevent any possible moisture build-up.

MOVING YOUR WINE COOLER

Before moving your cooler, first be sure to remove all items from the cooler.

- · Always unplug the cooler before moving.
- Use two or more people to move and install the appliance. Failure to do so can result in back or other injuries.
- · Securely tape down any loose items, such as shelves, inside the unit.
- Turn the adjustable leg up to the base to avoid damage.
- · Tape the door shut.
- Ensure that the unit stays securely in the upright position during transportation.
- Protect the outside of the appliance with a blanket or similar item when moving as needed.

ENERGY SAVING TIPS

- The unit should be located in the coolest area of the room away from heat sources or direct sunlight.
- Ensure that the unit has proper allowances on all sides for proper ventilation. Never cover any air vents.
- Only open the cooler door for as long as necessary. Frequent opening of the door will affect internal temperature.

TROUBLESHOOTING

You can solve many common cooler problems easily, saving you the cost of a possible service call. Try the following suggestions to see if you can solve the problem before contacting Vinotemp at info@vinotemp.com.

PROBLEM	POSSIBLE CAUSE
Door will not close	The wine cellar is not level.
properly	The shelves are out of position.
	The door was reversed and not properly installed.
	The door gasket is dirty.
	A bottle in the cellar is too long.
Unit does not operate—	 Check that unit is plugged into the wall socket.
does not have power	Make sure the wall socket has power.
	 If outlet is controlled by a wall switch, make sure switch is set to on.
	 Test wall socket functionality by testing another electrical appliance in the power socket.
Power is ON but the unit will not cool	 When using the unit for the first time, make sure there are at least 3 to 5 bottles in the unit. It can take up to 24 hours to reach the desired temperature.
	 If the room temperature is above 90°F (32°C), the unit will not get below 51°F (11°C). Humidity does not affect the cooling ability of the unit.
	 To achieve accurate temperature control, the unit should not be used or operated in any of the following locations: In a sunny place
	 In a room with poor air circulation such as a garage near another heat-producing appliance such as a dishwasher, oven or refrigerator.
	 With an outlet shared with a refrigerator as the refrigerator will drain power from the wine cellar.
	 In a cabinet or closet. Make sure the cooling vents are not obstructed.
Fan is always running	This is simply a function of the cooling system. The lower the setting, the more the fan will run. If the room is warmer than 90°F (32°C), it will run more.
	The unit has been designed to run continuously when operating at
	the lower temperatures.
Vibrations	Check to ensure the unit is level.

TERMS OF SALE AND WARRANTY

Vinotemp International Corp. ("Seller") and the person or entity that acquires these goods from Seller ("Purchaser") hereby fully agree to the following terms and conditions of the sale: Shipping fees are the responsibility of the Purchaser whether freight prepaid or freight collect. Seller assumes responsibility for the goods sold to the Purchaser until the goods have reached Purchaser's delivery address (FOB Destination) and the delivery receipt is signed clear. Seller is not responsible for the carrier's late delivery, missed delivery, unpaved roads, remote locations, stairs, elevators, narrow door openings and other such issues in attempting to fit or deliver the goods into the Purchaser's location. Delivery to remote locations may require additional fees. Remote location may be defined at the discretion of the carrier as more or less than 50 miles from the nearest major city. Purchaser assumes all responsibility for additional costs related to freight such as access, measurement, installation, hook-up, wiring, moving and storage of the goods, flight of stairs, carrier's inability to safely and/or adequately deliver, inability to use the building elevator to lift the goods, narrow openings, along with any additional costs to deliver or redeliver the product properly. Make sure to review access to the property and size of the product ordered. The transportation of all goods is subject to the terms and conditions which the carrier imposes on Purchaser. Installation is the responsibility of the Purchaser. If white glove delivery was ordered and cannot be performed properly, or access is hindered in any way, Purchaser agrees to accept delivery curbside. If Purchaser will calls or pays for their own freight responsibility transfers to the Purchaser when the Purchaser or Purchasers freight company picks up the unit from Seller.

White Glove Delivery: White glove delivery is defined as follows: Delivery will be to the 1st floor only, easy access and NO STAIRS, Doors aligned, feet attached (if necessary) and removal of packaging. Customer agrees that any additional request will result in additional charges. White glove delivery is not included for returns or Non-New Units.

Note: Shipping and handling fees for products over 300lbs are for threshold delivery. White glove delivery is available by request for an additional fee. Freight discussed is Continental USA (excluding Alaska), cost is additional please email us at <a href="mailto:nrode-nrode

All damages must be noted at time of delivery. If a bill is signed that there is no damage, buyer accepts delivery as free and clear. Any claim for damages of the goods, when FOB Destination, that incurred during shipment by the carrier are insured and handled directly with the carrier by the Seller if noted on the receipt and notified within 48 hours of delivery. OPEN AND INSPECT YOUR DELIVERY. When FOB Destination, if the item is damaged by the freight company, and Purchaser cancels rather than accepts a replacement, the order can be cancelled by paying for freight costs both ways and a 35% restocking fee for stocked items. No cancellation or refunds on custom/made or made to order products. When shipped 3rd Party (FOB Warehouse), Purchaser assumes all responsibility for delivery, payment of freight and freight claims for damages during shipment. Manufacture defects will be handled directly with Seller, subject to the limited warranty below.

All sales are final. Unless authorized in writing by the Seller, Purchaser may not return the goods under any circumstance. If Seller agrees in writing to take back stocked goods, there will be a restocking/service fee that is 35% of the purchase price of the goods and freight both ways (product must be new, unused, and in original packaging). If Purchaser returns goods claiming that the goods are defective and goods are found to be in working condition by the Seller, Purchaser is liable for the cost of freight both ways plus and a service fee that is 35% of the purchase price of the goods. Built-to-Order and Custom products are non-returnable, non-refundable. Purchaser must notify Seller of non-conforming goods within 48 hours of receipt, after which time all goods are deemed accepted by the Purchaser. If an order has been placed and production has not started, cancellation of your order will be a 15% charge. If Purchaser tenders payment with a check that has insufficient funds (NSF), a collection fee plus NSF fee of \$50 will be added to the invoice, which Purchaser agrees to pay promptly. If Purchaser puts a stop payment on a check or credit card for any reason, Purchaser agrees to pay for all costs associated with the Seller's collection or litigation of such a claim, including, without limitation, general and special damages, court costs and attorneys' fees. Finance charges begin the date of invoice. Title to the goods reverts back to the Seller in the case of non-payment of goods or services. All fees and costs to retrieve the product, cost of freight, legal costs, collection fees and court fees, credit card fees and interest rate of 18% (annual rate) will be the responsibility of the Purchaser. In a credit card dispute, Purchaser assumes and must immediately pay any "credit card arbitration" fees and chargeback fees which the credit card companies charge at the time of the chargeback. Any disputes not resolved within 30 days from the invoice date will be reported to credit reporting agencies.

LIMITED WARRANTY: Seller warrants that the goods will be free of defects in materials and workmanship as follows:

Furniture style (wood) wine cabinets made in the U.S.: all cooling unit parts only for a period of 5 (five) years; cabinetry and labor (uninstalled) for a period of 12 (twelve) months.

Metal cabinet wine units: parts and labor for cooling system and cabinetry for a period of 12 (twelve) months.

For Designer Series units: parts and labor for a period of 12 (twelve) months from date of sale, compressor parts 5 years.

Thermoelectric Units: 90 (ninety) days (including Wine Coolers, Beer Dispensers, Humidor, Portofino Wood Cellars, and Refrigerators).

Wine-Mate Split and Ducted Systems and other installed cooling units are parts only for 1 year, no labor. Self Contained Wine-Mate Cooling Systems are 5 years parts, 1 year labor. Removal and reinstallation of cooling units is not included.

Wine Accessories, Racking Systems, Parts and Other miscellaneous items is a 30 day warranty.

II Romanzo units: Warranty 90 (ninety) days. Replacement part 12 (twelve) months from the date of sale.

Non-New Units (Scratch & Dent/Refurbished/Floor Models), warranty for compressor units is 90 days from your dated invoice and 30 days for thermoelectric units (parts for function only, not cosmetic defects). These units are refurbished and sold as is; Purchaser assumes risks to the quality and performance of goods and assumes the costs of all necessary service or repair not covered herein. Extended warranties via New Leaf may not be purchased on Non-New Units. Delivery is curbside. Upgrades in delivery will require an additional fee.

Element Grills (via Element Products LLC), grills have a 1 year parts warranty and a thirty day limited parts warranty on grill accessories.

If a purchaser claims a product is "defective" with regards to refrigeration, Purchaser must obtain a letter from a qualified refrigeration technician at the

Purchaser's cost to verify that the unit was installed properly, with proper ventilation and the unit is truly malfunctioning due to a manufacturing defect.

Removal or re-installation of a unit is not included in warranted costs. Purchaser's exclusive remedy is limited at Seller's option to repair or replace defective part[s] with either new or reconditioned part[s]. Purchaser is responsible for shipping the unit pre-paid to a designated facility and Seller will pay return shipping charges in the continental United States for items repaired under warranty within 12 (twelve) months from date of sale. The returned unit must be packaged correctly, with enough protection to ensure the unit is not further damaged. Oversized or lack of packaging is not permitted and will be refused. Replacement or exchanged units will be returned to Purchaser through curbside delivery only. Any redelivery fees are the Purchasers responsibility.

Since the natural variation in texture, density, grain, color, tone, and shade of wood is unavoidable; Seller does not guarantee the texture, color, tone, or shade of the wood: nor does seller guarantee the colorfastness of wood or against peeling, chipping, cracking, or scratching. Note: Unfinished wood is subject to warping; all wood surfaces must be sealed before placing cellar into service. Make sure doors are aligned by reviewing the owner's manual. Improper repair or placement of the unit will void the warranty. Any third party repair facility must be pre-approved in writing by Seller, before providing replacement parts under warranty.

Storage Fees: When having an item serviced by a Vinotemp service technician at the Vinotemp facility, Purchaser agrees to pick up their repaired item or make arrangements for return shipping within a 60-day period once they have been notified by Vinotemp through phone call, email, or letter that their unit is ready for pick up. If the item remains in the Vinotemp warehouse after 60 days but no longer than 120 days, the Purchaser will incur additional storage fees of 2%. After 120 days in storage, the item will become property of Vinotemp. Warranty period is from the date of sale (not from shipping, delivery, nor installation).

All completed cabinetry, racking, or other custom work must be picked up or shipped within a period of 14 days after Vinotemp has notified the Purchaser by phone call, email, or letter. Any completed cabinetry, racking, or other custom work stored longer than 14 days will incur an additional storage fee. After 120 days, the product will become property of Vinotemp.

This Limited Warranty does not cover damage due to such things as accident, misuse, abuse, mishandling, neglect, acts of God, fires, earthquakes, floods, high winds, government, war, riot or labor trouble, strikes, lockouts, delay of carrier, unauthorized repair, or any other cause beyond the control of the Seller, whether similar or dissimilar to the foregoing. Seller is not responsible for any damages caused to Purchaser's property resulting from the goods. This limited warranty applies only inside the Continental US (Alaska, Puerto Rico, Hawaii and other territories/countries are not warranted).

Purchaser understands and acknowledges that the goods sold here are wine cellars, cigar humidors, and/or other similar units which house wine or cigars or other items. Purchaser assumes all risk of using these units, including risk of spoilage, humidity variations, temperature variations, leaks, fire, water damage, mold, mildew, dryness and similar and any other perils that might occur.

Seller is not responsible for incidental or consequential damages, and there are no warranties, expressed or implied, which extend beyond the Limited Warranty described above. Warranty and liability are non-transferable. The implied warranties of merchantability and of fitness for a particular purpose are hereby expressly disclaimed. Some states do not allow the exclusion of incidental or consequential damages, or a waiver of the implied warranties of fitness and/or merchantability, so the above limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state. Seller disclaims any indemnification for claims of infringement of any intellectual property of protectable nature. In the event of any dispute between Seller and Purchaser arising out of or relating to these terms and conditions or to the goods sold generally, Purchaser must first file a written claim with Seller within ten days of the occurrence giving rise to the claim and wait an additional thirty days for a response before initiating any legal action. The sale and all terms are subject to California law. Any legal proceeding arising out of or relating to these terms and conditions or to the goods sold Purchaser shall bring, solely and exclusively in the County of Los Angeles. In no event may Purchaser initiate any legal proceeding more than six months after the occurrence of the event giving rise to the dispute. Seller may make non-payment claims until debt is paid in full.

Any dispute or claim relating in any way to these to the Terms and Conditions, the Website, or any products or services sold or distributed by or through this Website, store, or catalog will be resolved by binding arbitration, rather than in court, except that you may assert claims in small claims court if your claims qualify. The Federal Arbitration Act and federal arbitration law apply to the Terms and Conditions. We each agree that any dispute resolution proceedings will be conducted only on an individual basis and not in a class, consolidated or representative action. If for any reason a claim proceeds in court rather than in arbitration we each waive any right to a jury trial. We also both agree that you or we may bring suit in court to enjoin infringement or other misuse of intellectual property rights.

The above terms and conditions are the only ones governing this transaction and Seller makes no oral representations of any kind. These Terms and Conditions can only be modified in writing, signed by both Purchaser and Seller. 08.29.16

SERVICE & IMPORTANT NOTICE

Upon receipt and inspection of unit, the supply cord must be replaced if it is damaged. Contact our customer service at 1-800-777-8466 or info@vinotemp.com.

The manufacturer has a policy of continuous improvement on its products and reserves the right to change materials and specifications without notice.
