Kitchen & Bath

Look of minimalist luxury from bathroom sconces

HUDSON VALLEY LIGHTING's Axiom Bathroom Sconces showcase an orb of LED light resting on a mount of die-cast zinc with a mirrored backplate acting as a contrast to its diffuser. Taking its name from Greek meaning "that which is worthy or fit, that which commands itself as evident," the bathroom fixtures provide the look of minimalist luxury, fit any modern space and are available in aged brass and polished nickel. Wine cooler with minimal footprint

VINOTEMP complements the minimal footprint of its 7-Bottle Mirrored Wine Cooler with a front venting system, making the built-in kitchen wine storage solution ideal for entertaining. Specifically designed for the petite cooler, its cooling system features an adjustable 40 F to 72 F temperature range to properly store white or red wines. Including the company's mirrored trim design, the cooler also features Vinotemp Blu, a blue LED interior lighting system that helps reduce the growth of bacteria and mold as well as provides aesthetics. Four stainless steel sink assortments

AMERICAN STANDARD upgrades its portfolio with four stainless steel sink assortments. The Pekoe Sinks boasts crisp lines and slim curves, while the Portsmouth Sinks, with rounded corners, are available in a wide variety of configurations with single- and double-bowl options. Edgewater Sinks feature straight design lines and 90-degree angle corners. In configurations to fit almost any sink replacement need, the Colony Sinks (shown) offer a 6-in. depth, making the single- and double-bowl sinks ADA-compliant. All four collections include waste fittings, necessary hardware instructions and templates for easy installation. Circle 25 on inquiry card

WaterSense-certified, dual-flush toilet

GERBER adds the MaP Premium dual-flush toilet to its Viper product line. The two-piece toilet features two buttons on the top of the tank to dictate the flush rate—one flushing 0.9 gpf for liquid and one flushing 1.1 gpf for solid—for an average water consumption of 0.97 gpf. Additional features include an ErgoHeight ADA elongated bowl, 3-in. flush valve for maximum water flow and flushing power, multipoint tank-to-bowl mounting system for tool-free installation and a five-year warranty. High-gloss acrylic cabinetry adds colors

ShowplaceEVO high-gloss acrylic cabinetry, from SHOWPLACE WOOD PRODUCTS, expands with four color additions to its Duet door style, making a total of six high-gloss acrylic solid colors. The smooth, reflective material imparts a contemporary appearance popularized by European designers. Its clean look is furthered with the color introductions of Ivory, Smoke, Graphite and Dark Gray. These colors coordinate with an array of countertop choices or as a secondary cabinet color in two-tone designs. Circle 28 on inquiry card
