ESSENTIAL

The PANTHER

PÂTÉ · 85G

ESSENTIAL the PANTHER is our delicious pâté with chicken fillets in gravy with turkey. A complete meal or mouthwatering topping for sterilised/neutered and/or indoor/in-active adult cats.

Composition

Fillets with 85% meat (66% chicken, 15% liver, 4% turkey), pea flour (3%), lignocellulose, sodium chloride, calcium carbonate, sea buckthorn (0.2%), nasturtium.

Analytical constituents

Crude protein	8,5%
Crude fat	4,0%
Crude ash	2,5%
Crude fibre	0,5%
Moisture	82%
Metabolisable energy	815 kcal/kg

Nutritional additives per kg

Vitamin A (3a672a) 350IU, Vitamin D₃ (3a671) 100IU, Zinc (3b606) 5mg, iron (3b106) 4mg, manganese (3b504) 1.2mg, iodine (3b201) 0.3mg, taurine (3a370) 400mg, L-methionine (3c305) 1000mg.

Serving the pâté

Serve at room temperature and ensure that fresh drinking water is always available.

Storage

Store in a cool, dry place. Once opened, keep refrigerated and use within 3 days.

Best before

See expiry date and batch stated on the base of the bag.

ESSENTIAL FOODS

A FEW WORDS ON THE WONDERS OF PÂTÉ

High quality pâtés like ours are a delicious way of enjoying a meal. If you haven't seen it for yourself yet, just wait for your cat's first taste, and you'll know what we're talking about. Besides its many qualities in taste and texture, a pâté offers a range of nutritional benefits by virtue of its high water content. We won't bore you with the evolutionary background of it or list all of the many benefits, but we will allow ourselves to mention just a few of them in order to open your eyes to the wonders of pâté:

1/ It offers superior nutrient absorption as the nutrients are delivered in 'wet form'.

2/ It's easier to chew, has an easier passage through the stomach, and on top of that is easier to break down - all resulting in a gentler digestion.

3/ Thanks to its high water content, pâté naturally helps your cat to stay hydrated. It's ideal for those with a tendency to forget to drink enough water throughout the day.

4/ This is a type of food that is suitable for all stages of life, including those where you have less or no teeth.

5/ Pâté can be made more gently, at a lower temperature.

6/ Low in starch, rich in meat and cooked at a lower temperature, our pâté is more than BOF-approved with the aim of keeping your cat's blood sugar levels stable.

One mission

To improve & prolong the
lives of dogs and cats
