ESSENTIAL the BEGINNING LARGE BREED is specifically formulated for puppies and juniors that will weigh over 15kg in adulthood. The meal is developed to perfectly support this specific sensitive growth stage that bigger dogs go through. LARGE BREED follows our BOF principle and is even grain-free.

TIP: We recommend serving the BEGINNING LARGE BREED up to the age of 13-28 months.

## BOF - A sensation within pet foods

Behavioral Optimizing Foods (BOF) is the principle honoring the many advantages of keeping the blood sugar levels stable throughout the day. Our high fresh meat content and the low preparation temperature means your dog gets exceptional nutritional values vs. mass-branded pet foods. The results with BOF are breathtaking. Serving ESSENTIALS positively will affect the mental balance of your dog. Some report seeing a dramatic transformation in the behavior, others note a smaller change, however improvement is always recorded.

## Is this your first bag of ESSENTIALS?

With the first bag of ESSENTIALS comes a nutritional lifestyle change. Gradually phase in ESSENTIALS over 4-7 days, or make the change from one day to the next which works equally well.

The most important point is to adjust daily portions to suit your pet. Overfeeding will result in softer stools. We therefore advise that you spend the first 2-3 weeks identifying the correct portion size. When your pet's stools are solid, and your pet feels satisfied, you have found the correct portion size. All you have to do now is enjoy all the benefits of ESSENTIALS.

TIP: Start by feeding your pet 10% less than usual and adjusting

from there. You are always welcome to contact us for feeding advice and guidance.
