

VEROBOARD®

LED Type: VBDSH-2835-27/65-1296-24-NS
Colour: 2700K • 6500K

Installation Sheet

Before installing the LED sheets, please read these instructions carefully.

ATTENTION: To prevent electrical shortages, leave a 2mm gap between each LED sheets during assembly.

Ensure you check the polarity of the connectors; otherwise, the light will not turn on. Pay attention to the input and output decals on each sheet. These decals must be removed after installation.

Easily tailor the LED sheet to suit your requirements by cutting it in any direction.

The LED sheet comes with 3M double-sided tape backing, making it easy to apply on flat or curved surfaces such as wood, metal, stone.

Use the 6" cables to link the LED sheet to the power supply or controller.

Use the 2.4" connectors to interconnect the LED sheets with each other.

Use silicon bumpers to prevent direct contact between the stone marble and the LED sheet.

Disclaimer:

The information contained in this installation sheet should not be considered a warranty, expressed or implied, including, but not limited to, a warranty of merchantability or fitness for a particular purpose. In no event shall Veroboard be liable for any incidental or consequential damages resulting from the use, misuse, or inability to use the product. This exclusion applies regardless of whether such damages are sought based on breach of warranty, breach of contract, negligence, strict liability in tort, or any other legal theory.

The flexibility of the LED sheet allows you to bend it in all directions.
