

Version: 1.2

Released: 2016-11-03 Revision Date: 2017-11-02

1. IDENTIFICATION OF THE SUBSTANCE / APPLICATION AND THE COMPANY

Supplier: **Product Name:** Cool-Aide Concentrate Engine Coolant

Maxima Racing Oils 9266 Abraham Way

Article Number: 84916, 84505C, 84055C

Santee, CA 92071

+1 619 449 5000

Applications: Corrosion Inhibitor

USA

Outside USA: +1 619 449 5000

Emergency Telephone: In USA: CHEMTREC +1 703 527 3887 (24 hours)

2. HAZARDS IDENTIFICATION

GHS Classification

Skin Corrosion: Category 2 Eye Damage: Category 1 Toxic to Reproduction: Category 2

GHS Pictogram

Signal Word

Danger!

Hazard Statements H315 Causes skin irritation.

H318 Causes serious eye damage.

H361 Suspected of damaging the unborn child.

Precautionary Statements

> Prevention P201 Obtain special instructions before use.

> > P264 Wash thoroughly after handling.

P202 Do not handle until all safety precautions have been read and

understood.

P280 Wear protective gloves, and eye protection.

P302 + P352 IF ON SKIN: Wash with plenty of soap and water. Response

P332 + P313 If skin irritation occurs: Get medical attention.

P362 + P364 Take off contaminated clothing and wash it before reuse. P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P310 Immediately call a POISON CENTER or doctor.

P308 + P313 IF exposed or concerned: Get medical attention.

P405 Store locked up. Storage

Disposal P501 Dispose of contents and container in accordance with local and

national regulations.

Other Hazards

None

Version: 1.2

Released: 2016-11-03 Revision Date: 2017-11-02

3. COMPOSITION / INFORMATION ON INGREDIENTS

Components Content % **CAS Number** 2-Ethyl Hexanoic Acid, Potassium Salt 3164-85-0 15-25

The specific identity and/or exact percentage has been withheld as a trade secret.

4. FIRST-AID MEASURES

Inhalation Remove victim to fresh air. If breathing is difficult or irritation persists, get

medical attention.

Skin Contact Remove contaminated clothing. Wash skin thoroughly with soap and water. If

irritation persists, get medical attention. Launder clothing before re-use.

Eye Contact Immediately flush with large quantities of water for 15 minutes, holding the

eyelids apart. Get immediate medical attention.

If conscious, rinse mouth with water. Never give anything by mouth to an Ingestion

unconscious or convulsing person. Do not induce vomiting unless directed by

medical personnel. Get medical attention.

Most Important

Symptoms

Causes severe eye irritation or burns. Permanent damage may occur. Causes skin irritation. Inhalation of vapors or mists may cause respiratory irritation.

Swallowing may cause gastrointestinal irritation, nausea, vomiting and diarrhea. May cause developmental effects based on animal data.

Immediate medical attention is required if eye contact occurs.

Indication of

Immediate Medical

Attention Needed

Notes to Physician No specific treatment recommended.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing

Use water spray, foam, dry chemical or carbon dioxide (CO2) to extinguish

Media

flames.

Specific Hazards

Arising From The

Chemical

Special Protective

Equipment And

Precautions For Fire-

Fighters

Combustion will produce carbon and nitrogen oxides.

Firefighters should wear full emergency equipment and a NIOSH approved positive pressure self-contained breathing apparatus. Cool exposed intact

containers with water

Version: 1.2

Released: 2016-11-03 Revision Date: 2017-11-02

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions Evacuate spill area and keep unprotected personnel away. Avoid contact with

the eyes, skin and clothing. Wear appropriate protective equipment. Wash

thoroughly after handling. See also: Section 8 "Personal Protection".

Environmental Hazards Methods/Materials for

Report spill as required by local and federal regulations.

Methods/Materials to Cleaning up Dike spill and collect with an inert absorbent. Place into an appropriate

containers for disposal. Handle collected material in accordance with Section 13

"Disposal Considerations".

7. HANDLING AND STORAGE

Precautions for Safe Handling:

Prevent contact with the eyes. Avoid contact with skin and clothing. Avoid breathing vapors or mists. Wear protective clothing and equipment. Use with adequate ventilation. Wash thoroughly with soap and water after handling.

Keep containers closed when not in use.

Empty containers retain product residues which can be hazardous. Follow all

SDS precautions when handling empty containers.

Conditions for Safe

Storage

Store in a cool, dry, well-ventilated area away from oxidizing agents and other

incompatible materials. Keep container tightly closed. Protect from physical

damage.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits 2-Ethyl Hexanoic Acid, Potassium

None Established

Salt

Appropriate

Engineering Controls

Good general room ventilation (equivalent to outdoors) should be adequate under normal conditions. If the exposures are excessive, increased mechanical

ventilation such as local exhaust may be required.

Personal Protection

Respiratory If exposures are limits are exceeded, use a NIOSH approved dust/mist. Selection

Protection: of respiratory protection depends on the contaminant type, form and

concentration. Select in accordance with OSHA 1910.134 and good Industrial

Hygiene practice.

Eye Protection: Chemical safety goggles should be worn where splashing is possible.

Skin/Body Protection: Impervious clothing as required to avoid skin contact and contamination of

personal clothing. An eye wash should be available in the immediate work area.

Hand Protection: Impervious gloves such as nitrile are recommended to avoid skin contact.

Version: 1.2

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance Liquid Color Bright Pink

Odor Slight Pungent Odor Odor Threshold No data available

pH 8-9

Freezing Point 32°F (0°C)
Boiling Point >212°F (100°C)

Flash Point >220°F (104.4°C) TCC
Evaporation Rate No data available
Flammability (solid, gas) No data available
Upper Explosion Limit No data available
Lower Explosion Limit No data available
Vapor Pressure No data available
Vapor Density (Air=1) No data available

Relative Density 1.136

Solubility Soluble water **Partition Coefficient: n-** No data available

octanol/water

Auto Ignition No data available

Temperature

Decomposition No data available

Temperature

Volatile Organic No data available

Compounds (VOC)

Viscosity No data available

10. STABILITY AND REACTIVITY

Reactivity Not expected to be reactive.

Chemical Stability Stable.

Possibility of Hazardous None known.

Reactions

Conditions to Avoid None.

Incompatible Materials Avoid oxidizing agents and reducing agents.

Hazardous Decomposition Product Thermal decomposition may produce carbon and nitrogen oxides.

Version: 1.2

Released: 2016-11-03 Revision Date: 2017-11-02

11. TOXICOLOGICAL INFORMATION

Potential Health Hazards

Eye Contact: Causes severe irritation or burns with redness, tearing and pain. Permanent damage may

Skin Contact: May cause irritation with redness and itching of the skin.

Inhalation: Excessive inhalation of vapors or mists may cause upper respiratory tract irritation.

Ingestion: Swallowing large amounts may cause gastrointestinal effects including nausea and diarrhea.

Chronic Effects of Overexposure: None known.

Sensitization: None of the components have been found to cause sensitization in animals or humans.

Mutagenicity: This product is not expected to cause mutagenic activity.

Reproductive Toxicity: In a reproductive study, groups of male and female rats received 100, 300 or 600 mg/kg of 2-Ethylhexanoic Acid in their drinking water. A delay in fertility was observed only in 2-Ethylhexanoic Acid treated animals. Sperm quality was slightly, but not uniformly affected. Pups born to the higher dosed dams showed lethargy, hematomas, abnormally thin hair, kinky tails and abnormal legs. Delayed development of the pups was also observed. Ears raised later in mid- and high-dose groups, and eye opening, eruption of teeth, and hair growth occurred significantly later at the high dose level. The development of the grip and cliff avoidance reflexes were delayed, more clearly in males than females. NOAEL: 100 mg/kg (offspring); NOAEL: 300 mg/kg (parents)

Carcinogenicity: None of the components of this product are listed as a carcinogen or suspected carcinogen by IARC, NTP, or OSHA.

Acute Toxicity:

2-Ethyl Hexanoic Acid, Oral rat LD50 >2400 mg/kg, Inhalation rat LC0 >0.11 /h/L /8 hr (no

Potassium Salt mortality seen), Dermal rat LD50 >2000 mg/kg

12. ECOLOGICAL INFORMATION

Ecotoxicity

2-Ethyl Hexanoic Acid, 96 hr LC50 Oryzias latipes >100 mg/L, 48 hr EC50 Daphnia magna 106

Potassium Salt mg/L, 72 hr EC50 Desmodesmus subspicatus 49.3 mg/L

Biodegradation 2-Ethyl hexanoic acid, potassium salt is readily biodegradable.

Bioaccumulation This product is not expected to bioaccumulate.

Mobility in soil No data available Other adverse effects: None known.

13. DISPOSAL CONSIDERATIONS

Disposal Dispose in accordance with all local, state and federal regulations.

Version: 1.2

Released: 2016-11-03 Revision Date: 2017-11-02

14. TRANSPORT INFORMATION

	UN	Proper shipping name	Hazard	Packing	Environmental
	Number		Class	Group	Hazard
DOT		Not Regulated			
TDG		Not Regulated			
IMDG		Not Regulated			
IATA		Not Regulated			

Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code): Not applicable – product

is transported only in packaged form **Special precautions:** None known.

15. REGULATORY INFORMATION

CERCLA: This product is not subject to CERCLA reporting requirements as it is sold. Many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations.

EPA SARA 302: This product does not contain chemicals regulated under SARA Section 302.

EPA SARA 311 Hazard Classification: Acute Health, Chronic Health

EPA SARA 313: This product contains the following chemicals that are regulated under SARA Title III, section 313: None

California Proposition 65: This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Chemical Inventories

Toxic Substances Control Act: All of the components of this product are listed on the TSCA inventory

16. OTHER INFORMATION

NFPA Rating (NFPA 704): Health: 2 Fire: 0 Instability: 0 HMIS Rating: Health: 2* Fire: 0 Physical Hazard: 0

*Chronic Hazard
