PLAYHOUSES

EverMeadow PlayHOUSE
Floor INSTRUCTIONS

Tools Required

Benötigtes Material / Accessoires / Herramientas
Strumenti da lavoro / Benodigdheden

Two pairs of hands

Crosshead Screwdriver

**we recommend using an electric screwdriver for ease, but a manual will work - you will just need a little more elbow grease!*

Parts Included

Unterteile / Liste des pièces / Lista de partes
Elenco degli elementi / Onderdelen

screws C (x8)

3.5 x 30mm

part 1 (x1)

part 2 (x1)

Before Installation

Check all parts are present!

Our factory takes every effort to make sure everything is packed in its proper place. But just in case a small part has gone astray please make sure you check every piece is present before you begin installing - right down to the screws.

Assemble with Care

Installation should be completed by two adults. Please make sure you follow all the instructions carefully. If you have any questions during installation please do not hesitate to contact us.

Please make sure you read all the safety warnings and advice in this instruction manual.

Install the playhouse on a level surface and ensure it is at least 2m away from other structures and obstacles such as houses, garages, fences, branches, clothes lines or electrical wires. Never place the playhouse on a wet or loose surface.

Never place the playhouse on a hard surface like concrete or asphalt. A fall from a playhouse onto a hard surface like this could result in serious injury. Any modifications made by the consumer must be carried out according to the manufacturer's instructions.

Please follow the warnings to ensure proper use of this playhouse and ultimately to ensure full enjoyment!

Attaching The Floor

You will need:

Parts 1 & 2
8 x Screws C

Place part 1 in the back half of the playhouse followed by part 2 in the front half.

Secure the panels in place using four screws C on each side of the house as illustrated.

Inspection & Maintenance

We recommend the following maintenance.

Looking After Your Playhouse Floor

Your playhouse floor is made from heat-treated natural wood. It is also sourced from sustainable forests. The playhouse floor should be treated on assembly with a wood preserver and it is strongly recommended that you re-treat it once a year to extend the life of your playhouse. On rare occasions, when you first assemble the floor in wet conditions and where it is wet or rainy for a prolonged time, then followed by a burst of sunshine, it is possible to get some mould on some panels. Please be reassured that this can be washed off with a mould cleaner or wiped down with a baking soda solution. Baking soda is a natural disinfectant and very mild, so this solution cleans mould without leaving a scent. Dissolve baking soda into a water and vinegar solution, spray onto the surface, let it sit for a little while and then wipe with a damp cloth.

Weekly to monthly / routine inspection

Regularly check the playhouse for splinters and any signs of wear and tear. It is important to regularly check all parts, including the crossbeams, supports and panels. **If regular checks on the playhouse are not carried out, the unit could overturn or otherwise become a hazard.** It is important to check all screws and tighten or replace where necessary. The following inspection and maintenance should be carried out after assembly and then at least twice a month while in use and at the start of each season;

- check all nuts and bolts for tightness and tighten when required;
- replace defective parts in accordance with the manufacturer's instructions.

Warnings!

Not Just PLAYHOUSES...

You may or may not be aware that we design and make many different kinds of garden games and play equipment as well as our wooden playhouse range.

Big Game Hunters has been designing and creating games for children and families since 1997 - so by now we really do know what we are doing.

Here are just a few that are great for the whole family as well as just the kids...

The Parachute Game

Giant Tower

Giant Dominoes (in a box)

Giant Four in a Row Games; Hardwood Big 4 & Jumbo 4

The logo to look out for...

There are many more products we have created - just look out for our Big Game Hunters logo or flower emblem to be sure you have an official product. The brand is not just a logo, it is the whole family of ideas, service and quality that are behind every product. We are not a huge corporate and do not claim to be - we are proud of who we are and what we create so look out for our brand knowing that each product carrying our logo has a special standard we aim to maintain for years and years to come...

Random Factoid Bubbles

Wooden Playhouses are sometimes called 'Wendy Houses'. This is because in the play 'Peter Pan' by J. M. Barrie, Peter (the boy who never grew up) built a

small house around Wendy when she was shot in Neverland.
