

Jumbo 4

Instructions

Jumbo 4

What's in the Box?

- A - Two Legs
- B - Main 'body'
- C - Bottom Bar
- 21 x Yellow Counters
- 21 x Red Counters

Set Up

Unpack all the items, taking the counters out of the main body (part B). Making sure the body is the right way up - with the Big Game Hunters logo at the top - slide the legs (parts A) onto the main body. This can be easier with the body laid on the floor, or upside down. Alternatively, enlist the help of another person to hold the body while you slide the legs on. The bottom bar (part C) slides into the slots near the bottom of the legs and clicks into place with a metal catch. This stops the counters from falling through during set up and play.

Playing the Game

Take it in turns to drop one of your coloured counters into one of the columns through the slots at the top - but be careful, you could set your opponent up to win if you are not thinking ahead! Think

about blocking your opponent from making a line while building up counters in a winning line at the same time. The killer tactic is to build up more than one winning line, this will force your opponent to block one line leaving the other free - allowing you to complete a line and win.

The first player to get four of their counters in an uninterrupted row either diagonally, horizontally or vertically is the winner! When you are ready to play again simply pull the bottom bar to release the counters.

Not Just Jumbo 4...

You may or may not be aware that we design and make many different kinds of garden games and play equipment. Big Game Hunters has been designing and creating games for children and families since 1997 - so by now we really do know what we are doing. Here are just a few that are great for the whole family as well as just the kids...

The Parachute Game

Whacky Ranch Playhouse

Wooden Skittles

Hardwood Boules

Up 4 It

The logo to look out for...

There are many more products we have created - just look out for our Big Game Hunters logo or flower emblem to be sure you have an official product. The brand is not just a logo, it is the whole family of ideas, service and quality that are behind every product. We are not a huge corporate and do not claim to be - we are proud of who we are and what we create so look out for our brand knowing that each product carrying our logo has a special standard we aim to maintain for years and years to come...

Look after your game!

This game can be played indoors or outdoors but should be stored indoors in a cool dry place when not in use. Because these games are made of wood, they should not be played in the rain or left outside in the rain. If they do get damp or wet, make sure you dry it out well before storing.
