As 20th Century Fox Makeup Director, Ben Nye, Sr. designed an ensemble of time-honored characters now immortalized on the silver screen. We encourage you to create your own characters with Ben Nye Makeup as you follow our professional directions.

**GETTING STARTED** This Kit includes all the basic components required to create this design. Colors are concentrated, so be careful to use them sparingly. The optional items listed below will enable you to achieve more professional results.

*Neutral Set Face Powder*  
*Brush Cleaner*  
*Extra Flat Brushes*

*Extra Sponge Sections*  
*Velour Powder Puff*  
*Pencil Sharpener*

Practice makes perfect so plan to practice your makeup design. Anticipate spending about forty-five minutes to complete your character. For easy removal, apply *Quick Cleanse*, followed by *Hydra Cleanse* or soap and water.

**PREPARATION** Clean face with *Hydra Cleanse* or soap and water before applying makeup. **Discontinue use if skin irritation occurs. Parental supervision is required for use on children.**

## DIRECTIONS

1. With *Black Pencil*, outline contours as shown in photo to include: cheek hollows, eye sockets, jagged nose, temples and neck vertebrae.
2. **White:** Apply *White Foundation* with latex sponge. Apply to smaller areas with a flat brush.
3. **Black:** Apply *Black creme* makeup with brush or small sponge as shown, including ears. Darken outlines at temples and across mouth.
4. **Blend:** With a brush or sponge, blend forehead and temple areas as shown to create a subtle grey shadow. Soften cheek shadows into a sweeping arc toward nose. Soften edges of eye sockets with brush or swab.

**Powder:** With a large puff, apply *Neutral Set Face Powder*. Remove excess powder with powder brush or puff. Dab a moistened sponge over makeup to intensify color.

5. **Details:** Gently apply *Yellow* shadow to distress facial contours. With a sharp *Black Pencil*, draw fine vertical lines on lips and around mouth.

**Rotted Teeth:** Dry teeth with tissue. Color teeth unevenly as shown with *Black Pencil*, or use *Ben Nye Tooth Colors*.

6. **Red:** With a small flat brush, apply *Red* vertically from forehead down to chin.
7. **Skeletal Teeth:** Draw teeth outlines on upper and lower lips with a sharpened *Black Pencil*. Randomly shade teeth with *White*, *Black* and *Yellow* cremes.

Touch up with additional colors as desired. Powder again if needed to set makeup completely. Complete character with a black shroud, hooded cape or similar costume.
