SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Flexible Disc

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.3. Details of the supplier of the safety data sheet

Company Name: VinciSmile Group LLC
Address: 20524 Carrey Rd.
City, State, Zip Code: Walnut, CA 91789, USA
Telephone: Tel: +1 626 283 5808
email address: marketing@vincismile.com
Website: WWW.VINCISMILE.COM

SECTION 2: Hazards identification

2.1. Product classification

MOULDING COMPOUND

2.2. Health Hazard

The product presents no toxic hazard when used according the manufacturer's instructions.

2.3. Additional dangers to humans and the environment

See point 12.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Chemical characterization

solid

Hazardous components

HAZARDOUS INGREDIENT(S)	CAS No.	Contents Wt%
Polyamide 12	24937-16-4	>99%

SECTION 4: First aid measures

4.1. Description of first aid measures

General information

None.

Flexible Disc

Page 2 of 5

After inhalation

In case of trouble after inhaling abrasive dust, seek medical advice.

After eye contact

In case of mechanical eye irritation, rinse thoroughly with large amounts of water. Consult a doctor if irritation persists.

After skin contact

In case of dust contact with skin, wash off with soap and water. Consult a doctor if skin irritation persists.

After swallowing

In case of swallowing, seek medical advice.

Cautions for the doctor

No specific antidote. Effect support therapy. Care should be effected according doctor's evaluation with respect to the patient's reactions.

Most important symptoms of exposure

This product is a non-hazardous polymer solid. Dust generated from polishing or grinding may cause eye or respiratory tract irritation.

SECTION 5: Firefighting measures

5.1. Extinguishing media**Suitable extinguishing agents**

These products are not classified as flammable or combustible but will burn under fire conditions. Water spray jet, foam, dry powder, carbon dioxide

For safety reasons unsuitable extinguishing agents

Water with full jet.

Protective equipment for fire-fighting

Use self-contained respirator (breathing apparatus). -Wear full protection suit.

SECTION 6: Accidental release measures

6.1. Person-related safety precautions

Avoid build up of dust. Use breathing protection (Fine dust mask FFP) when exposed to dust. Use personal protective equipment (overalls, protective glasses and protective gloves).

6.2. Environmental Precautions

Report releases as required by local and national authorities.

6.3. Methods and Materials for Containment and Clean-up:

For dust from grinding or polishing products: Contain spills, sweep or gather spilled material in a manner that minimizes the generation of airborne dusts, and transfer to a suitable container for disposal.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Avoid generating dust. Avoid breathing dust. Use adequate ventilation for polishing or grinding operations. Wash hands thoroughly after polishing or grinding teeth. Use good housekeeping to minimize accumulation of dust.

7.2. Conditions for safe storage, including any incompatibilities

No special storage required.

Flexible Disc

SECTION 8: Exposure controls/personal protection

8.1. Exposure information

None.

8.2. Technical devices

None.

8.3. Personnel protective equipment

None.

8.4. Respiratory Protection

No needed with normal usage. When product is grinded or polished, use localized aspiration of dusts and/or protective mask.

8.5. Skin protection

None particular precaution should be taken with normal usage.

8.6. Eye and visage protection

None particular precaution should be taken with normal usage. When the product is grinded or polished, use protective glasses.

SECTION 9: Physical and chemical properties

Physical state at 20°C	solid
Color	various
Odor	unscented
Specific weight (at 20°C)	--
Solubility in water (at 20°C)	insoluble
PH (at 20°C)	--
Casting temperature	--
Boiling temperature	--
Auto ignition temperature	--
Inflammability temperature	--
Air deflagration limits	--

SECTION 10: Stability and reactivity

10.1. Dangerous reactions

No dangerous reactions known.

10.2. Chemical Stability

Stable.

10.3. Conditions to Avoid

Stable in normal conditions.

10.4. Hazardous Decomposition Products

Decomposition may release oxides of carbon, methyl methacrylate, and irritating smoke and fumes.

10.5. Materials to avoid

None in particular.

10.6. Hazardous decomposition products

None when correctly utilized.

Flexible Disc

Page 4 of 5

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Sensitisation

No sensitizing effects known.

Further information

The biocompatibility tests carried out on the FlexibleDisc, in accordance with EN ISO 10993, regarding cytotoxicity, toxicity test, stimulate or intradermal reaction, acute systemic toxicity and delayed type, did not result in any negative effects, under the test conditions, on the cell materials used.

Additional toxicological information

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

SECTION 12: Ecological information

12.1. Degradation

The material is known to be stable in environment. Due to the low biodegradability the product should not reach water or ground.

12.2. Aquatic toxicity

Generally not hazardous for water

SECTION 13: Disposal considerations

13.1. Recommendation

The waste is not dangerous and can be disposed together with household garbage.

Disposal area must comply with the environment and national safety standard.

SECTION 14: Transport information

Other applicable information

Not a hazardous material with respect to these transportation regulations.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

The product is subject to the regulations of the Medical Device Directive 93/42/EEC, as well as to the national Medical Device Act and the Chemicals Act

SECTION 16: Other information

No further technical information

The present data sheet contains technical-scientific information processed at best of our knowledge. We recommend verifying national and regional regulations applicable to the specific utilize field as well as regulations relative hygienic and safety on work and environment worship.

All information contained in the present data sheet is correct and processed in good faith. However they do not involve any obligation, guarantee and patent concession.

The characteristics mentioned in the following document do not constitute contractual specifications.

The data for the hazardous ingredients were taken respectively from the last version of the sub-contractor's safety data sheet.
