Power & Charging | Dual USB C Module

High Power USB Type C® Charging

teleadapt

TA-3378-25BK/WH

Dual USB Type C® Module

The Dual USB C MiniClip Module (TA-3378) is an ideal addition to any hotel guest room. It provides charging capability for the full range of devices that today's hotel guests carry with them.

- Dual USB C MiniClip Module for charging smartphones, tablets and laptops.
- Combine with other modules of your choice from the TeleAdapt MiniClip range.
- Total of 68W fast charging. The two USB C ports to allow your guests to charge two devices simultaneously.
- 60W + 18W with a maximum combined output 68W.
- USB Power Delivery (USB PD) to optimise charging speed and efficiency.
- Advanced GaN (gallium nitride) technology minimises the size of the supplied wall charger.
- Universal compatibility for laptops, tablets and smartphones with a USB C port.
- Safe and reliable. The use of heat tolerant gallium nitride semiconductors along with certifications ensure fast and safe charging for your guests devices.
- Built in protection against overcharging, overheating & short circuiting.
- Also compatible with MediaHub UHD and PowerHub when used with a suitable trim.
- Available in soft-touch black or white to blend with your room décor.

Choose black or white

Supplied with PSU and cable

Example configuration

Power & Charging | Light Switch Module US

Simple to fit, guest room light switch.

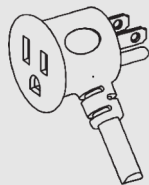

TA-3379-25BK/WH

MiniClip Light Switch Module

Integrate a switch for bedside lighting, desk lights or other lights with MiniClip compatible products.

Simple to fit, the MiniClip Light Switch Module just plugs straight into a power socket and the lighting then plugs into its flying lead. No need to employ electricians, this module is certified to UL153 and literally is plug and play.

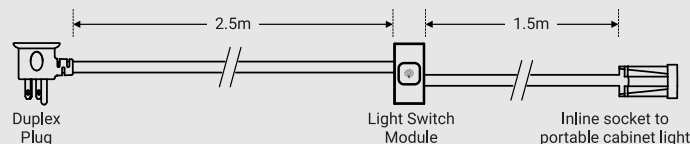

- Ideal for controlling local lighting at the bedside or a desk.
- 25mm MiniClip (EuroClip) format.
- Fits in 50mm, 100mm and Extender trims.
- Combine with other MiniClip modules, MediaHub and/or PowerHub.
- Simple installation, plug into existing socket and plug lighting fixture into the flying lead.
- Duplex plug means you don't lose use of a wall outlet, rear socket accepts existing appliance.
- Flying leads are 2.5m (duplex plug) and 1.5m (in-line socket).
- No need for specialist electrician to install.
- Suitable for lighting appliances up to 10A.
- UL Certified to UL153 for US and Canada (E528396).

Example Configurations

Dimensions

Power & Charging | ChargePort Classic

Now retrofit charging is as easy as placing a ChargePort in the room.

ChargePort On-Desk Power & Charging

ChargePort provides two AC power outlets and two USB charging sockets. Available in an all black finish or black with a brushed aluminum top. Easy to brand with a custom dome resin label featuring your property's logo.

Note the Universal version cannot be installed in the EU, UK or US.

Features

- Durable construction designed for everyday use.
- Pass-through plug replaces wall outlet used to install.
- 2 electrical outlets and 2 fast-charging USB ports.
- 10-Amp integrated circuit breaker.
- USB optimized for tablet charging.
- Optional cable chamber.
- Branding options available.
- Rotated plug layout.
- UL approved & spill tested.
- Cable clamp provides additional security.
- Vertical option includes vertical mounting bracket.
- Desktop option includes adhesive pad, security bracket can be ordered if required.

Power & Charging | ChargePort Plus

The simplest way of adding multiple power outlets to the desk or nightstand in your hotel guest rooms.

TA-7810US

ChargePort Plus

Guest Room Power and Charging

ChargePort Plus is an attractive power and charging solution designed with hotel guest rooms in mind. It clamps securely onto the back of a desk or nightstand and simply plugs into a 120V, US 3-pin NEMA outlet.

The 3 conveniently sited mains outlets, which are protected by a user resettable safety cutout, can supply a total of 15A.

In addition there are 3 USB charging sockets (2 x USB A and 1 x USB Type-C) which can provide up to 32W for fast charging. The USB Type-C socket supports USB Power Delivery.

Features

- 3 x NEMA 5-15R US mains sockets.
- 2 x USB A charging sockets.
- 1 x USB Type-C charging sockets.
- Integrated 2 metre mains cable.
- Desk clamp, cable clamp and adhesive pad included.
- Available in black or white.
- ETL certified to UL962A and CSA C22.2 including spill test.

Simple Installation

Just clamp on the rear of the desk or nightstand for a simple and secure fixing. Once clamped just plug in and you are ready to go!

Wireless Charging

Wireless Charging | 10W On-Desk & In-Desk Qi

Qi certified chargers, ideal for the guest room or public spaces.

teleadapt

TA-8200

10 Watt On-Desk Qi Wireless Charger

- Fully compliant with the latest Qi standards, Qi Certified.
- Compatible with all Qi enabled devices.
- High power (10 watts) means fastest charging for compatible phones.
- Can charge almost twice as fast as a standard 5 watt wireless charger.
- Simple installation, just requires plug socket for USB power plug.
- Charges all Qi compatible phones including but not limited to iPhone 12 Pro, 12 Pro Max, 12, 12 Mini, SE, 11 Pro, 11 Pro Max and 11.
- Samsung S21, S20 Z Fold, Z Flip, Note 20 and many more.

TA-8210

10 Watt In-Desk Qi Wireless Charger

- Fully compliant with the latest Qi standards, Qi certified.
- Compatible with all Qi-enabled devices.
- Fast charging (10 watts) for compatible phones.
- Can charge almost twice as fast as a standard 5 watt wireless charger.
- In-desk fitting maximizes surface space for guests.
- Compatible with a wide range of surfaces between 17mm and 40mm thick.
- Simple installation.
- Charges all Qi compatible phones including but not limited to iPhone XS, XS Max, XR, iPhone 8 and iPhone 8 Plus.
- Samsung S8, S8 Edge, S7, S7 Edge, S6 Edge+ and Note 5 support fast charge.

Wireless Charging | ChargePort Duo

A dual wireless charger which also provides USB Type-A and USB Type-C charging.

TA-8250

ChargePort Duo

ChargePort Duo is a fully featured, dual wireless charger which also provides USB Type-A and USB Type-C charging. For your peace of mind and to ensure safe and reliable wireless charging, ChargePort Duo is fully Qi Certified.

The wireless charging pads can deliver up to 10 watts each ensuring the fastest charging time for guest devices, while the USB ports will deliver up to another 18 watts to charge phones or tablets.

Simple and quick to install, ChargePort Duo is supplied with a range of security options including bracket, lanyard and adhesive pad. ChargePort Duo looks great on the guest room nightstand or desk and is available in black or white.

Features

- Dual, simultaneous, 10 watt wireless charging (20 watt total).
- Qi Certified to WPC Qi Version 1.2.4.
- USB Type A and Type-C smart charging.
- USB Type A supports Qualcomm Quick Charge 3.0 up to 18W.
- USB Type-C supports USB Power Delivery 3.0 up to 18W.
- Intelligent two color indicator to show wireless charging status.
- Powered by 12VDC adaptor, interchangeable tips ,1.5m DC cable.
- Security bracket to retain power cable and allow fixing to furniture.
- Fixing point for optional lanyard.
- Available in black or white.

Silver or black.

2 x tamper resistant mains outlets plus Qi wireless charger

1 x USB Type-C,
2 x USB-A

TA-7820

ChargePort Pro

ChargePort Pro builds on the market leading ChargePort Classic with the addition of Qi wireless charging and USB Type-C. The all new, sleek brushed aluminium casing, is available in either silver or black.

Dual Tamper Resistant Mains Outlets and Qi

ChargePort Pro features two tamper resistant US 120V NEMA-5 mains outlets which are rotated to maximise flexibility and can supply a total of 10A. The top surface has an integrated 10W Qi wireless charging pad. Simply place your Qi compatible smartphone on the charging pad.

USB Charging

Dual USB-A outlets can each charge at 5V 2.4A (total 4.8A) for smartphones or tablets. In addition USB Type-C is also provided and supports USB Power delivery (PD) at up to 45W making it suitable for charging smartphones, tablets and small notebooks.

Passthrough Mains Plug

The passthrough mains plug means you don't lose use of a mains outlet when you plug in ChargePort Pro.

Safety and Security

ChargePort Pro is UL certified including spill testing. For security a lanyard is included in the box or a mounting bracket is available as an optional extra.

Wireless Charging | ChargePort M

Qi wireless charger with MagSafe for Apple products.

teleadapt

TA-8350

ChargePort M

ChargePort M is a 3-in-1 Qi wireless charger that is designed for charging your Apple products.

iPhone, Apple Watch and AirPods

Designed to be placed on a desktop or at the bedside, ChargePort M is the ideal charging solution for iPhone, Apple Watch and AirPods.

MagSafe

MagSafe makes charging simple, this wireless charging technology from Apple is designed for worry free charging of compatible devices. Simply place the device to be charged on the appropriate charging pad and built-in magnets ensure perfect alignment for optimal charging.

Easy Install

The desktop design makes installation simple. Just place the ChargePort M on the desk or nightstand and plug it in. It couldn't be easier.

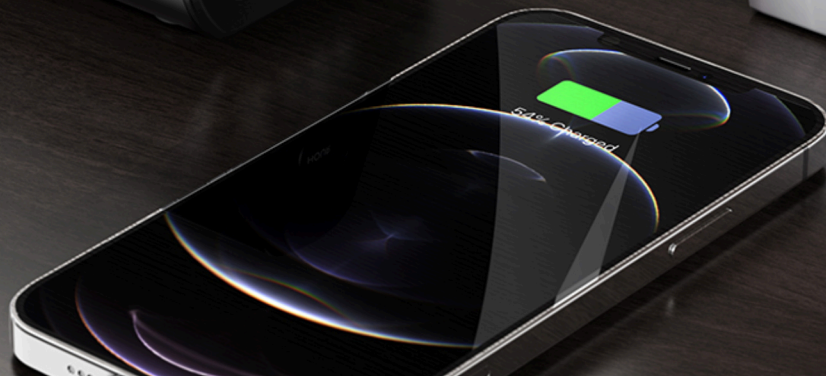

Security

A security bracket is supplied to allow the ChargePort M to be secured to the desk or nightstand and it also retains the power cable to prevent removal.

Supplied with an 1.8 metre USB power cable and power supply.

Alarm Clocks & Audio

Alarm Clocks & Audio | ChargeTime

A hotel ready alarm clock.

teleadapt

TA-7835

ChargeTime USB C

ChargeTime USB C is a high specification, hotel grade alarm clock with industry leading charging capabilities, yet at an affordable price. Featuring one USB C port and two front-facing USB A ports, guests can conveniently recharge their mobile phones, watches and tablets without having to search the guest room for a suitable outlet.

ChargeTime USB C is about simplicity and security. Auto DST (US timezones) means ChargeTime USB C automatically adjusts when daylight saving time is in effect. The snooze bar doubles as a display dimmer and a simple sliding switch on the side enables the single-set alarm. Battery backup of time and alarm settings along with a secured power cord and optional lanyard ensures complete peace of mind.

Available in either black or white soft-touch finishes, ChargeTime USB C is sure to blend perfectly with your guest room decor.

Features

- USB A and USB C ports for fast charging.
- Auto DST (US timezones).
- LED display with dimmer switch to easily control brightness.
- Automatic daylight savings time adjustment.
- Security lanyard prevents theft, while still allowing movement.
- Simple sliding switch controls the single-set alarm function.
- Small footprint and minimalist design blends into most decor.
- CE and FCC certified.

Alarm Clocks & Audio | JBL Horizon 2 Hotel

Bluetooth clock radio speaker with FM and JBL Pro Sound.

teleadapt

TA-HORIZON2

JBL Horizon 2 Hotel

The JBL Horizon 2 Hotel alarm clock offers room-filling JBL stereo sound with wireless Bluetooth streaming.

A single day alarm prevents guests from waking to previously set alarms and a battery backup ensures guests won't miss their own alarms. The signature round design and a large LCD display clearly shows the time, alarm settings and radio info, while the lifestyle fabric cover blends perfectly with any decor.

Guests can choose from a selection of alarm tones or one of their favorite FM radio stations. The easy-to-use rotary control knob lets them set and snooze alarms, adjust the volume or turn the rear ambient light on and off. Complete with two convenient USB ports for charging guest devices, JBL Horizon 2 Hotel is available in black or grey and is the perfect hotel guest room bedside companion.

Features

- Customize the morning alarm.
- Powerful JBL Pro Sound.
- FM radio to enjoy to favorite stations.
- Stream music via Bluetooth.
- Rear ambient light.
- Two USB ports to charge devices.
- Large, clear LCD display.
- Easy-to-use rotary control knob.
- Available in black or grey.

Custom

Custom | Popups

Custom desk mounted media and power popup solutions.

Popups

Our popular, in-desk popup units are designed to fit unobtrusively into a desk or work surface. They match your décor perfectly and all connections are cleverly hidden when stowed. When your guest presses the release button the connections are revealed and presented conveniently for use by the smooth and quiet opening mechanism.

Media

Combine media and power in a custom designed popup module. Modules are fitted into desks or other case goods and are custom designed to your specification.

Engineered to the highest standards to ensure reliability, these popups have been chosen by leading hotel brands and are installed in tens of thousands of premium rooms worldwide.

Power

if you just need power and charging then a power popup is ideal. Like the media popups, modules are fitted into desks or other case goods and are custom designed to your specification.
