ALLERGEN STATEMENT
HONEY BEE VENOM POWDER

Date Issue: October 10, 2023

To Whom It May Concern,

Honeybee Venom Powder (HBVP) of insect origin is supplied by Bulk Naturals Wholesale exclusively as raw materials, using no materials of animal or vegetable origin. No gluten-containing raw materials or processing aids are used in the manufacture of the HBVP. None of the following materials, which are known allergens or to which a segment of the population is particularly sensitive, were used in the manufacture of HBVP.

Eggs, Celery, Corn, Milk, MSG, Mustard, Peanuts, Soybeans, Sulfites, Wheat Seeds, Seafood, Tree Nuts

Honeybee Venom Powder (HBVP) contains 12 characterized allergens, of which three are the primary constituents of concern and make up the majority of HBVP. The three allergens include Phospholipase A2, Melittin, and Apamin. Please refer to the Safety Data Sheet for handling precautions.
