Safety Data Sheet

| Safflower Oil - High Linoleic | Page: 2/3 | |
|----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Revision Date: April 13, 2023 | | |
| Special hazards arising from the substance: | Hazardous decomposition products may be formed at extreme heat or if burned. | |
| Resulting gases: | Carbon oxides. | |
| SECTION 6. ACCIDENTAL RELEASE MEASURES | | |
| Personal precautions: | Avoid breathing vapors, mist, or gas. Wear protective equipment. | |
| Environmental precautions: | Prevent entry to sewers and public waters. Notify authorities if the product enters sewers or public waters. | |
| Methods for cleaning up: | Clean up any spills as soon as possible, using an adsorbent material to collect them. Use suitable disposal containers. | |
| SECTION 7. HANDLING AND STORAGE | | |
| Precautions for Safe Handling: | No direct lighting. No smoking. Ensure prompt removal from eyes, skin, and clothing. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking. Handle in accordance with good industrial hygiene and safety procedures. | |
| Recommended Storage Conditions: | Provide local exhaust or general room ventilation to minimize dust and/or vapor concentrations. Keep the container when not in use. | |
| SECTION 8. EXPOSURE CONTROLS / PERSONAL PROT | ECTION | |
| Eyes: | Use tightly sealed goggles. | |
| Skin: | If skin contact or contamination of clothing is likely, protective clothing should be worn. Use protective gloves. | |
| Respiratory: | In case of insufficient ventilation, wear suitable respiratory equipment. | |
| SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES | | |
| Appearance: | Clear honey-colored liquid. | |
| Odor: | Characteristic odor. | |
| Flashpoint: | 255°C. | |
| Relative Density: | 0.90 - 0.92 @ 20°C. | |
| Solubility: | Soluble in oil. Insoluble in water. | |
| Refractive Index. | 1.460 - 1.464 | |

The information given and the recommendations made herein are based on our research and are believed to be accurate but no guarantee of their accuracy is made and we assume no liability regarding this formula or information contained herein. In every case we urge and recommend that our customers make their own tests to determine to their own satisfaction whether the product is suitable for their particular purposes under their own operating conditions. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent without the authority from the owner of this patent

Safflower Oil - High Linoleic

Revision Date: April 13, 2023

| SECTION 10. STABILITY AND REACTIVITY | | | | |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| Chemical stability: | Chemically stable. Hazardous polymerization will not occur. Excessive heat and light. Avoid contact with strong oxidizing agents. | | | |
| Possibility of hazard reactions: | | | | |
| Conditions to avoid: | | | | |
| Incompatible materials: | | | | |
| Hazardous decomposition products: | Carbon Oxides | | | |
| | | | | |
| SECTION 11. TOXICOLOGICAL INFORMATION | | | | |
| Inhalation: | Inhalation of high concentrations of vapor may result in irritation of the | | | |
| | eyes, nose, and throat, headache, nausea, and dizziness. | | | |
| Skin Contact: | Adverse skin effects should be prevented by normal care and personal | | | |
| | hygiene. | | | |
| Eye Contact: | Possible irritation should be prevented by wearing safety glasses. | | | |
| Ingestion: | Low-order toxicity causes irritation of the stomach and intestines | | | |
| | which results in nausea and vomiting | | | |
| SECTION 12. ECOLOGICAL INFORMATION | | | | |
| Ecotoxicity: | Avoid any pollution of ground, surface, or underground water. | | | |
| Persistence and degradability: | | | | |

SECTION 13. DISPOSAL CONSIDERATIONS

Dispose of product in accordance with local, state or provincial, and federal regulations. Check with local municipal authorities to ensure compliance.

SECTION 14. TRANSPORT INFORMATION

This product is classified (per 49 CFR 172.101) by the U.S. Department of Transportation, as Non-Regulated Material.

SECTION 15. REGULATORY INFORMATION

This product does not need to be labeled in accordance with EC Directives or respective national laws.

SECTION 16. OTHER INFORMATION
