What is Covered?

This warranty covers defects in materials or workmanship, as determined solely by Hunter, under normal use when the fan and other components are installed and operated correctly according to Hunter’s written installation and operation instructions.

Who is Covered and When does Coverage Start?

Hunter grants this warranty to the original purchaser and subsequent owners so long as the fan remains at the original installation site. Warranty coverage begins when the fan is installed or 60 days from when the fan was purchased – whichever date is earlier. This warranty is only applicable to fans purchased and installed in the United States and Canada.

What will Hunter do for You?

At Hunter’s sole discretion, Hunter will offer one of the following options during the warranty period if Hunter determines that there is a defect in material or workmanship of one or more components:

- Repair or replace the defective component;
- Repair or replace the entire fan; or

- Refund the price you paid for the fan or the defective component.*

If no replacement component or product can be provided for your fan, Hunter may provide a comparable or superior replacement component or product at its sole discretion. Hunter reserves the right to utilize quality refurbished components for warranty work. Hunter may ask you to ship a defective component or product back to Hunter utilizing Hunter provided shipping labels with a particular return goods authorization number. Failure to ship a defective component or product back to Hunter within thirty (30) days of receipt of replacement grants Hunter the right to invoice you for the component or product. You are responsible for packaging the fan or fan component in such a way to prevent damage during transport back to Hunter. Labor and associated costs (e.g. lift rental) are not included in this warranty.

If Hunter determines, in its sole discretion, that there is no defect in the materials or workmanship of the returned component or product, the return will be subject to Hunter's return policy, including any applicable restocking fees, and Hunter reserves the right to charge you for the shipping fees.

* If no replacement component or product can be provided for your fan because the component or product has been discontinued, Hunter may, in its sole discretion, provide you a refund. The refund amount will be prorated based on the years you utilized the component or product. The maximum refund will be 100% of the purchase price, decreasing 15% each year for the first 5 years after installation, and 1% each year thereafter.

How to Obtain Warranty Coverage?

If the fan is not operating properly, turn it off immediately. Proof of purchase and proof of the date of installation are required when requesting warranty service. If you registered your fan through Hunter's registration process, we will already have the necessary information to process your warranty request.
