

REPOSSI

SIZE GUIDE

EARRINGS & EARCUFFS

All Repossi earrings and ear cuffs are one size fits all. Their designs and constructions are created in a way such that each model adapts to different ear shapes.

The ear cuffs can be worn on any ear of your choice. This choice is purely aesthetic and depends on your preferences. These clips can be worn in a central or high position. Their closing system consists of a spring, ensuring a good hold and security.

The creole models are worn in the lower position with a pin system. To ensure a perfect hold and security, a spring is integrated in the rear part.
