

model TPA-10

model TPA-20

Floor Tape Applicators & Floor Tape

Model TPA-10 - Designed to apply tape as you walk. Solid steel construction, comfortable hand grips, and durable rubber wheels allow for easy operation and maintenance. Features a soft rubber applicator head. Holds tape rolls with a 3" diameter core and widths between 1" minimum and 4" maximum.

Model TPA-20 - Applicator head adjusts quickly to apply tape in circular path or in a long straight line. Rear stabilizer adjusts right and left to allow for marking next to walls and pallet racks. Holds tape rolls with a 3" core and width between 1" minimum to 4½" maximum.

Reel Mover Handle

A reel mover handle is the perfect way to transfer wire reels throughout the workspace. The long handle allows the user to walk/stand in the proper upright position which diminishes the amount of time bending and twisting while moving reels manually. The strong construction gives the user the ability to secure the reel to the handle and transport throughout the designated working area. Works well in manufacturing and construction facilities.

model RMH-C-5020-3

RMH-C-5020-3	REEL MOVER	54"	20 ^{11/16"}	1 ^{11/16"}	3 ^{7/8"}	18

Welding Curtain Roll

Welding curtains promote safety throughout manufacturing and construction facilities. The strong flame retardant vinyl design keeps materials from passing into other work areas. The unit includes a pregrommeted top side for simply hanging in the designated work space. An assortment of colors are available.
