

Portable Cylinder Clutcher

Designed for lifting and moving gas cylinders with automatic operation. Simply raise and lower handle to operate. Unit raises cylinders 2" off the ground. Works with cylinder diameters between 8½" to 12½". Includes one (1) 5" x 2" swivel with brake, poly on steel back caster and two (2) 8" x 2" rigid, glass filled nylon casters. Welded steel construction with painted yellow finish.

MODEL NUMBER	OVERALL SIZE (W x L x H)	UNIFORM CAPACITY	ACCOMMODATES CYLINDERS	WEIGHT (POUND)
OCC-2	32 ¹⁵ / ₁₆ " x 28 ⁵ / ₁₆ " x 53 ³ / ₈ "	200 lb.	8½" to 12½"	162

model OCC-2

Cylinder Caddies

Transport cylinders safely with casters, overhead lifting assembly, fork mounted, or pallet jack style cylinder caddies. These units can hold anywhere from 2 to 8 cylinders and come complete with safety chains to secure the cylinders in place. Made of all steel construction, these units hold cylinders up to 9½" in diameter. Includes web ratchet retaining strap and edge lip for added safety.

MODEL NUMBER	USE WITH	UNIFORM CAPACITY	NUMBER OF CYLINDERS	WEIGHT (POUND)
CYLINDER CADDIES (NO CASTERS)				
CYL-P-4	FORK TRUCK	800 lb.	4	173
CYL-P-6	FORK TRUCK	800 lb.	6	188

LP Tank Lifter

The LP Tank Lifter is a great addition to manufacturing and maintenance facilities. The lifter is constructed of steel, with a baked-in powder-coated toughness, for supreme strength and durability throughout daily use. The unit also contains a bright finish for both security and discernibility, both indoors and out. To use, simply attach the lifter to a lifting device, such as a fork truck, by utilizing the centrally located chain/hook opening. Once the unit is secured, place the arms tightly under the top and base ridges of the LP tank, lift to the desired height, and transport to the preferred location.

MODEL NUMBER	OVERALL SIZE (W x L x H)	ACCOMMODATES DIAMETERS	UNIFORM CAPACITY	WEIGHT (POUND)
BTX-LP	34 ⁵ / ₁₆ " x 7 ⁷ / ₈ " x 15 ⁹ / ₁₆ "	25" to 30"	200 lb.	13

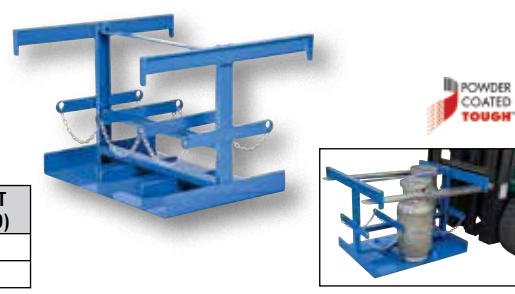

POWDER COATED TOUGH

Fork Truck LP Tank Caddy

Holds up to six (6) LP tanks up to 12" in diameter each. Made of all steel construction. Safety chains to hold the tanks in place are standard. Portable with fork truck. Optional caster kit available, CYL-CK.

MODEL NUMBER	OVERALL SIZE (W x L x H)	ACCOMMODATES CYLINDERS	WEIGHT (POUND)
