

## Heavy-Duty Poly Lids for D & H series Hoppers

Keep the contents of hoppers out of sight for a cleaner appearance with our Poly Lids. Constructed from heavy-duty virgin polyethylene material, these lids are lightweight and easy to open. The top of the lid includes a crown for water drainage and a ribbed design for strength and aesthetics. Factory installed when ordered with hopper. May also be easily field installed. Not compatible with LUG option. Ideal for schools, hospitals, and warehouses.

## Low Profile Parts Hoppers

These unique products have been designed to function as parts hoppers that may be dumped with the assistance of a fork truck. The low profile design allows the hoppers to be placed underneath machinery as a catch basin for parts. The hoppers reduce the hazards, inconveniences, and time associated with collecting parts off the floor. Blue baked-in powder-coated toughness.

The 10 gauge parts hoppers have 7"W x 2"H usable fork pockets for dumping the hoppers 90° with a fork truck. HOP-LP roll smoothly on four (4) wheels, 4" x 2" glass-filled nylon, two (2) rigid, one (1) swivel and one (1) swivel with brake. Model HOP-LP-N rolls on three (3) wheels, two (2) rigid and one (1) swivel with brake. Includes a removable push handle. Once the material is dumped, the hopper will return to the locked position when lowered to the ground. **Must be attached to fork truck when dumping.** Options, including leak proof chute welds, model LEKP, 3/4" drainage plug, model H-DPLG-75, and 2" drain plug model H-DPLG-2 leak proof chute welds included with drainage plugs.

## Low Profile Hoppers

Low Profile Hoppers (top chute only 22" high) allows for use under machinery and conveyors. Tapered side allows for easy loading and unloading. Designed for containment of scrap, chips, and waste. Constructed of welded 14-gauge steel for strength and lighter weight. Unit rolls smoothly on two (2) rigid and two (2) swivel with brakes 5" x 2" poly-on-steel casters. Push handle is removable and may be used at either end. Blue baked-in powder-coated toughness. Options, including welded leak proof seams, model LEKP, 3/4" drainage plug, model H-DPLG-75, and 2" drain plug, model H-DPLG-2 leak proof chute welds included with drainage plugs.
